**English/Math Teacher Evaluation Form**

(One form to be completed by math teacher/ one to be completed by English teacher)

**To be completed by student and parent/guardian:**

I, \_\_\_\_\_ (Student's name), request that any information relative to my academic progress be made available to the Upward Bound Program at Frostburg State University.

School \_\_\_\_\_ Grade \_\_\_\_\_

Student Signature \_\_\_\_\_ Date \_\_\_\_\_

Parent/Guardian Signature \_\_\_\_\_ Date \_\_\_\_\_

Dear English or Math Teacher:

The above student has applied to the Upward Bound Program at Frostburg State University. Upward Bound is a pre-college program designed to encourage qualified students to further their educational pursuits beyond high school.

One of the most important factors in considering a student for UB is that **a student must have post-secondary/college potential**. The student may or may not be living up to that potential; however, that potential must be present. Your realistic appraisal will be of great assistance to UB in determining the student's suitability to our program.

When evaluating the student keep in mind the following criteria: academic strengths and weaknesses, potential for growth, behavior in class, level of motivation, work quality, and achievement. **This assessment should contain your considered opinion as to whether or not you think this student possesses the potential to succeed in post-secondary education.** (Please feel free to attach another sheet of paper if more room is required.)
