

# Electronic Portfolio Tip Sheet (MAC)

## Slide Theme and Background Color

To change the slide theme:

Click **Format** on the menu bar and select **Apply Design Template...**  
Then select from the many preformatted themes!

To change the background of a slide:

Click **Format** on the menu bar and select **Background**.

Click the drop menu arrow to select a different color or pattern.

You can then choose to apply it to just the current slide or to all slides.
