Frostburg State University is committed to academic excellence and provides opportunities for students with demonstrated abilities. Many of the listed scholarships are the result of private contributions as sponsored by the Frostburg State University Foundation.

The selection of recipients is subject to the policies and procedures for scholarship awards as determined by Frostburg State University. Unless stated otherwise, applicants must be registered or accepted for full-time enrollment. Major and concentrations refer to the accepted academic policies of FSU and are subject to review by the Office of the Provost. To receive or continue to receive an award, the recipient must maintain demonstrated academic progress as determined by Frostburg State University. Some awards have specific minimum grade point averages that must be maintained and the minimum for any award is a 2.5 overall grade point average. Recipients are reviewed at the end of each semester.

- All incoming students are automatically screened for **University-Wide Scholarships** through the Application for Admission, with the exception of Leadership Awards and Talent in the Arts Scholarships which require additional materials from the applicant.
- Application for **Institutional Scholarships** is accomplished by completing the Scholarship Application form in the back of this booklet or by requesting a form from the Office of Financial Aid. The completed form should be returned to the Office of Financial Aid before March 1. A scholarship awards committee then screens and selects Institutional Scholarship recipients.
- To apply for **Additional Foundation Scholarships**, you must contact the office or individual listed for each award.
- To apply for a **Departmental Scholarship**, you must complete an application form from the listed academic department. Departmental scholarships are screened by a departmental awards committee and awarded by the Office of the Provost.

Award amounts vary and the amounts listed depend on the availability of funds as determined by the FSU Foundation or the funding source. The final decision on award amounts is determined by the FSU Foundation or the stated funding source. Recipients may receive multiple awards. Some scholarships are awarded to multiple recipients. Awards are paid to the student's account through the FSU University & Student Billing Office and prorated on a per semester basis. Award amounts are for full-year attendance unless otherwise noted.

**Special Note:** in regard to scholarships that require applicants with demonstrated need or participation in extracurricular activities, Frostburg State University abides by the National Collegiate Athletics Association Division III legislation pursuant to 15.4.1 (financial need requirement) and 15.4.6 (aid without consideration of need).

Frostburg State University is an Affirmative Action/Equal Opportunity Institution. Admission shall be determined without regard to race, color, religion, sex, national origin, age, status as a veteran, or handicap.

FSU is committed to making all of its programs, services and activities accessible to persons with disabilities. To request accommodation through the ADA Compliance Office, call 301.687.4102 or use a Voice Relay Operator at 1.800.735.2258.

# Institutional Scholarship Application

## General Procedures

In order to be considered for any of the **institutional scholarships** described in this booklet, you must complete the Scholarship Application form, write an essay as described at right and submit these to the Financial Aid Office no later than March 1. Please submit only one application and essay, unless otherwise noted. **Note: some scholarships require supplementary documentation. Be sure to read through each scholarship description to ensure that you submit any supplemental documentation required.**

Several of the questions on the application are quite specific. These questions are included because they are directly related to a particular scholarship listed in the brochure.

- Be certain to indicate what your academic standing will be at the beginning of the Fall semester 2011. For example, if you have 65 credits at the start of the Fall 2011 semester, then you should mark the block labeled Junior (60-89 credits). If you are an incoming freshman, you would mark Freshman (0-29 credits).

## Academic Scholarships

The Scholarship Application form is **not required** if you are **only** interested in scholarship assistance from the Academic Scholarships (see section in this brochure that describes these scholarships).

## Additional Foundation Scholarships

- the specific requirements of the scholarship(s) for which you are applying
- why you feel the University should invest in you through a scholarship
