1Depending on how your CallXpress system is set up, this feature may not be available to you. For more information about your CallXpress system and its features, contact your system administrator.
Welcome!

Your organization’s new CallXpress® unified messaging system is designed to provide you with the same convenient access to your voice, fax, and email messages whether you are at your desk or calling in over the telephone. When you call in, our Centigram emulation saves you the effort of relearning most of the keystroke commands you use to send, retrieve, and manage messages.

Before You Start

To set up CallXpress, your system administrator will give you the following information.

CallXpress internal number:

CallXpress external number:

Your subscriber mailbox number:

Your system administrator may also give you a default security code to use when you log on to CallXpress for the first time.

Gaining Access to Your Mailbox

Follow these simple steps to start using CallXpress.

1. Call the internal or external number your administrator has given you for reaching your CallXpress system.

2. If necessary, press # or any other key that your CallXpress system requires.

3. If prompted, enter your subscriber mailbox number.

4. Enter a security code (or the default code, if your administrator has given you one).
