University Theatre Announces Season

University Theatre has scheduled four mainstage productions for the 2002-2003 season. The Rodgers and Hammerstein hit musical “South Pacific” opens the season on Friday, Oct. 11, at 8 p.m. in the Performing Arts Center’s Drama Theatre.

Additional evening performances are set for Oct. 12, 17, 18 and 19. Two Saturday matinees have been set for Oct. 12 and 19 at 2 p.m.

Based on two short stories from James Michener’s wartime collection “Tales of the South Pacific,” this classic musical focuses on two love stories. The first involves the unlikely attraction between Nellie Forbush, a naïve Navy nurse from Little Rock, Ark., and Emile de Becque, a worldly French planter. The second tells the tale of the tender, tragic romance between Lt. Joe Cable and a young island girl.

This one is shaped, of course, and set for Oct. 12 and 19 at 2 p.m.

Developed by award-winning director Moisés Kaufman and members of the Tectonic Theatre Project, this production is a moving and inspiring theatrical experience told through the eyes of the townspeople of Laramie, Wyo., who served as both witnesses to and participants in the aftermath of the 20-year-old Matthew Shepard, a gay student attending the University of Wyoming. Perfor-
mances are scheduled in the F. Perry Smith Studio Theatre at 8 p.m. on Nov. 15, 16, 21, 22 and 23 and Nov. 15 at 2 p.m.

The next production, "The Laramie Project," is a contempo-
rary work that explores the aftermath of the vicious murder of 21-year-old Matthew Shepard, a gay student attending the University of Wyoming. Perform-
ances are scheduled in the F. Perry Smith Studio Theatre at 8 p.m. on Nov. 15, 16, 21, 22 and 23 and Nov. 15 at 2 p.m.

Shepard’s murder on Oct. 12, 1998. This collective-collaborative creation, compiled from more than 200 interviews and presented through more than 60 real life “characters,” is presented as a docudrama, a format both theatrical and real. Time Magazine called it “one of the top ten plays of 2000.”

An American comedy classic, Clare Booth Luce’s “The Women” is scheduled for 8 p.m. performances in the PAC Drama Theatre on March 7, 8,13,14, 15 at 8 p.m. and March 8 at 2 p.m.

When it premiered on Broadway in 1936, “The Women” caused a sensation as it proceeded to shatter many of the myths about marriage. The play satirizes a group of New York socialites, their twisted marriages and the delicious gossip that is their undoing. Thanks to its laugh-out-loud humor, for nearly 65 years, “The Women” has enjoyed a sold-out run and has had 4,114 performances in New York productions.

The season closes with “Flyin’ West,” a fact-inspired drama by Pearl Cleage that focuses on a family of women who leave the racism and sexism of the South to go west in search of freedom. Performances are set for 8 p.m. on April 25 and 26 and May 1, 2, and 3 at the F. Perry Smith Studio Theatre. A matinee is scheduled for April 26 at 2 p.m.

The time is 1898 and the place is Nocodemus, Kansas, an all-black town named for an African-born slave who bought his independence. Cleage wrote the play after reading about the crusading journalist, Ida B. Wells, whose Memphis newspaper columns of the 1890s urged African-Americans to leave home and find freedom in the West.

For information and reservations for all University Theatre productions, call x7462 between 1 and 5 p.m., Monday through Friday. Season Discount Cards, available to the general public for $30, allow cardholders to attend “South Pacific” for $25 and “The Women” for $20. Performances will not be admitted until one hour prior to curtain. All patronsmust be purchased at the venue box office 15 minutes prior to curtain. All patrons must purchase tickets online.

Looking for Experts on Medicinal Herbs, Plants

Researchers at FSU are trying to locate area residents who are knowledgeable about herbs and medicinal plants in...
the Western Maryland and nearby West Virginia and Pennsylvania areas. The researchers are looking at ways in which the University can help to expand this knowledge and further community understanding of medicinal herbs.

Individuals who respond will be sent a short questionnaire asking about their knowledge and interest in herbs and herbal medicine. Some who return the questionnaire will be interviewed to gain more detailed information.

One of the researchers’ goals is to compile a list of area people who share similar interests in herbs and to connect them with each other. Organizers of this project are seeking a wide variety of interests – herb growers, collectors/harvesters, sellers, buyers, herbalists who recommend herbs to others, as well as those who use herbs.

If you are one of these individuals or know of someone who has a special knowledge of herbs, contact Dr. Michael Olson, FSU, Department of Sociology, 101 Braddock Road, Frostburg, MD 21532. You can call x7053 or contact him by e-mail at molson@frostburg.edu.
