VP Agnew Prosecutor George Beall to Speak

George Beall, the prosecutor who led the investigation that culminated with the conviction and resignation of U.S. Vice President Spiro T. Agnew, will speak Tuesday, Sept. 30, at 11 a.m. in the Lane University Center Manicur Assembly Hall.

The Frostburg native will discuss the events 30 years ago that thrust him, then a 35-year-old U.S. Attorney for Maryland, into the national spotlight. The lecture is free and open to the public.

At the height of the Watergate scandal, investigators in Maryland were looking into another corruption — that of kickbacks being paid to public officials by architects, engineers and contractors doing business with public agencies in the state. Before becoming Richard Nixon’s vice president in 1969, Agnew had been governor of Maryland and a Baltimore County executive. Investigations pointed to misconduct by Agnew as far back as 1964.

With the investigation beginning to implicate Agnew, the possibility that the president and vice president would both face charges of official misconduct was a daunting possibility for the nation. Agnew resigned as Vice President on Oct. 10, 1973, pleading “no contest” to charges of tax evasion.

Beall’s personal papers concerning the Agnew investigation and resignation are now housed in the Beall Archives at FSU’s Ort Library, which also house the papers of his father, J. Glenn Beall, and his brother, J. Glenn Beall Jr., both of whom served in the U.S. Senate.

Beall was at the center of a unique and crucial turning point in our country. He has seldom spoken publicly about his role, making his appearance at FSU a rare opportunity for anyone interested in this important time in American history.

For more information about the George Beall lecture, contact Nat DeBruin at the Beall Archives at x3114.

Undergraduate Education Initiative Proposes Institutional Learning Goals

The Steering Committee of the Undergraduate Education Initiative submits, for the consideration of the University community, a set of five Institutional Learning Goals, created to reflect three purposes:

- To emphasize the specific learning outcomes desired in a liberal arts-oriented education;
- To serve as a foundation for the forthcoming proposals in curricular reform formulated through the efforts of the Undergraduate Education Initiative;
- To provide a framework for institutional assessment initiatives.

Currently, the primary public statement regarding FSU’s educational goals is found within its institutional mission statement: “Couched within a liberal arts tradition, undergraduate programs promote intellectual growth and equip learners with problem-solving and decision-making abilities useful in developing global understanding and effecting civic responsibility and constructive change.” (2002-2005 Undergraduate Catalog, p. 1)

The creation of institutional learning goals is vitally important to the University, not only for their value in providing a grounding for our curricular efforts, but because new Middle States accreditation standards specifically cite the importance of having clearly-stated learning goals. As a result, the proposed Learning Goals are written in an “assessment-friendly” fashion, utilizing a general goal statement that is then itemized into action-oriented objectives that can be used by colleges and departments.

A special open meeting to accept comments and suggestions about the Learning Goals is scheduled for Tuesday, Sept. 30, at 4 p.m. in the Cordts PE Center’s Leake Room. Please attend and share your thoughts and concerns. After public comment has been received, the Institutional Learning Goals will be submitted to the Faculty Senate, through its governance structure, for discussion and formal approval.

Institutional Learning Goals
Skills of Inquiry, Critical Thinking & Synthesis

Personal Counseling Groups and Workshops

FSU Counseling and Psychological Services offers a variety of groups for students each semester. Through group sessions, students are able to discuss their thoughts and feelings in response to a number of different issues relating to themselves, the way they relate to others, and how they cope with life in general. The number of students in each group is kept small to allow each member the opportunity to establish comfort, trust, and a sense of community. In building an atmosphere of trust, confidentiality is expected to be maintained by all participants.

If you are enrolled at FSU and feel that a particular group may be of help or interest to you, please come by Counseling and Psychological Services in 101 Sand Spring Hall, or call x4234 to make an appointment to speak with a screening counselor. There is no charge for counseling services.

The following groups are now forming:

- Alcohol Users Group: This six-session group will help students learn ways to reduce or stop their use of alcohol. The participants will assess their use, explore their personal history and effects of alcohol, and develop strategies to change their behavior. Facilitator is Dr. Spencer Deakin.

- Diversity and College Living — Open Forum: This open session is geared primarily toward minority students who are looking for a place to express their views, share their opinions, and/or address concerns or issues that face minority students on a day-to-day basis. Facilitator is Dr. Alisa Howze.

- Feeling Better Fast — Help for Depression and Anxiety: This group will emphasize cognitive and behavioral means of reducing depression and anxiety. The group will examine relaxation techniques, pleasurable activities, restructuring thoughts, and taking care of one’s body. Participants will have an opportunity to share experiences and responses with each other. An initial consultation is necessary. Facilitator is Dr. Spencer Deakin.

- Grief and Loss Group: This group is for students who have experienced the loss of a significant individual in their lives. The group will focus on issues related to the grief and healing process. Facilitator is Pat Deasy.

- Personal Growth and Development Group: Interested in finding your potential? This group is structured to help individuals who are seeking a personal growth opportunity. Facilitator is Pat Deasy.

Women’s Issues Groups: These groups for women will allow each member to address her own unique issues, and share, process and problem-solve within a group context. Women can learn to improve their self-confidence, assertiveness, and relationships by sharing with others who have endured similar experiences. Facilitators are Dr. Alisa Howze and Patricia Robison.

The groups’ dates and times will be scheduled based primarily on student responses.

Hispanic Heritage Month

FSU and the Latino Students are proud to sponsor a variety of activities and events to celebrate Hispanic Heritage Month:

- Tuesday, Sept. 30, 7:30 p.m. Fine Arts 221, “Little Murders”: Life and Death in Ciudad Juarez, Mexico, Dr. Paul Charnley (History Department).

For more information, contact Maria-Luisa Sanchez at x4104.

Edgewood Commons Ribbon-Cutting Oct. 4

The campus community is cordially welcome to the ribbon-cutting for Edgewood Commons on Saturday, Oct. 4, at 11 a.m. A reception and tours of the facility follow the ceremony.

Transportation to and from the ceremony will be available from the Lane University Center beginning at 10:15 a.m.

Scheduling and Religious Observances

FSU President Catherine R. Gira requests sensitive and responsible compliance by all students, faculty and staff to the following FSU and Board of Regents policy:

Scheduling and Religious Observances — a lecture on the U.S. Supreme Court and its Treatment of Hispanics. Dr. Scott Johnson (Political Science Department).

Organizers and participants will conduct all activities in English and the University invites all members of the public to attend free of charge.

For more information, contact Maria-Luisa Sanchez at x4104.

Student Research Day

The Mid-Atlantic Division of AAG is organizing “Student Research Day” conference. It will be a one-day event
and will be held on Friday, Nov. 21, at FSU. The main activities will include research paper and poster presentations by undergraduate, masters and Ph.D. students. Other activities might include Geography Bowl for the students. Faculty and other staff can be co-authors of the paper and/or poster. However, the presentation will be made only by the student.

Though it is being organized by Mid-Atlantic Division of AAG, all of the students from area schools, colleges and universities are welcome to participate. Please encourage your students to participate and make presentation. Several best presentations will be selected and will be given awards and recognitions.

For information, contact Shivaji Prasad at sprasad@frostburg.edu, x4412, Department of Geography. Guidelines for submitting an ABSTRACT FOR Paper and Poster

Commencement Announcement

Any student planning to complete their studies during the current semester (December 2003) must file for graduation. Undergraduate students should contact the Registrar's Office (x7053, 141 Pullen Hall). Director of Undergraduate Education, x7053, 141 Pullen Hall). Notice regarding Commencement are sent only to those students who have completed all filings. The first mailing will be sent the second week of October.

Caps and gowns are provided at no charge to all students cleared to participate in Commencement; however, each student is responsible for placing an order in advance. Orders should be submitted to the University Bookstore by Oct. 15. All graduating students are also encouraged to attend the Grad Fair on Monday, Oct. 20, from 11 a.m. to 4 p.m. in Manicur Assembly Hall.

Advance information about Commencement is available on the University's Web site. Go to www.frostburg.edu, click on "Current Students," then on Commencement Information under the Academics heading. (www.frostburg.edu/events/commenc.html). This will connect you to full details on Commencement and related activities. For information, contact Beth Deetelhauser in Special Academic Services, x3130, 127 Performing Arts Center or bdeetelhauser@frostburg.edu.

Points of Pride

FSU has been awarded a four-year continuation for the Regional Math/Science Center. Funded by the U.S. Department of Education, RMSC helps high school students from low-income families from the Appalachian regions of West Virginia, Maryland and Pennsylvania, as well as from Baltimore City, to strengthen math and science skills. In addition, participants receive instruction in English, foreign languages and study skills in order to prepare them to earn bachelor's degrees in mathematics or science. To date, 53 students have graduated from the program and 80 percent have either graduated from college or are enrolled. Of the 12 graduates, 10 (83 percent) received degrees in math or science. The FSU proposal received 299 of 300 possible points from the field readers. The grant, written by Rita Hegeman, Sara Briden and Clarence Saulpaw, will bring FSU at least $1,177,500 during the four-year cycle.

Sal Agosta, an honors graduate in the MS program in Applied Ecology and Conservation Biology, and Dave Morton of the Biology Department just published three journal papers on their research together. One of them, “Feeding Ecology of the Bat, Eptesicus fuscus: Preferred Prey Abundance as one Factor Influencing Prey Selection and Diet,” was published in the prestigious J. Zool., Lond. Along with Sal and Dave, Kellie Kuhn is a coauthor on this article. Kellie is a honors graduate in the undergraduate Wildlife and Fisheries program. Sal is studying for a Ph.D. at the University of Pennsylvania and Kellie, for an MS degree at the University of Nevada at Reno.

Study Abroad Programs

The Center for International Education offers a variety of ways for FSU students to study while abroad. In many cases, students register at FSU during a semester abroad and can take all financial aid with them and transfer credit back to FSU. For information on any of the programs or scholarships that may be available, check with Dr. Amy Simen at the OE in the Fuller House or Braddock Road, call her at x4714 or e-mail her at asimes@frostburg.edu, or visit the OE’s Web page at www.frostburg.edu/admin/cie/cie.htm or the newsletter at http://www.frostburg.edu/admin/cie/newsletter.htm.

Snow and French Winter Term in Quebec

Students interested in studying at the University of Quebec in Chicoutimi can apply through the CIE for this three-week program that includes French courses, snow sports, and an introduction to the unique Quebec culture. Students take a placement exam and are placed in French courses accordingly (including an introductory French). Lodging is with homestay families in the city of Chicoutimi. Cost is just $1,400. For further information, contact the OE at x4714. Applications due by Oct. 15.

Semester Overseas for Same Price as FSU

The International Student Exchange Program (ISEP) allows FSU students to register at FSU, pay FSU tuition and housing, and then study overseas for a semester, year or summer at one of more than 140 locations. Students may take financial aid with them and apply for scholarships from the OE and from ISEP. Students may choose programs taught in English or other languages. For the price of an airline ticket, this is a great way to earn credits toward your FSU degree while enjoying life in a foreign culture. Apply now for fall 2004.

Study in Non-Traditional Locations

FSU is affiliated with the School for International Training. This enables FSU students to study through SIT in over 50 locations while remaining registered at FSU. All financial aid will transfer. SIT offers programs in Africa, Asia, South America, Europe and Australasia. This is a fantastic opportunity for students who would like to spend a semester, year or summer off the beaten track.

Choose from Over 20 Locations to Study

FSU affiliates with the American Institute for Foreign Study (AIFS), which offers study abroad programs in a variety of locations at universities around the world, including Richmond College in London. Programs are open to all majors. Study in Prague, South Africa or Japan. You may register at FSU and use your financial aid for all programs. AIFS offers scholarships to qualified students.

Gain Work/Volunteer Experience Overseas

Students interested in working abroad should come by the OE for information about internships, volunteer opportunities, and paid work overseas. Many organizations help students obtain jobs and work permits, and some help to arrange housing as well. Students can choose from short experiences (one to two months) to longer experiences (four to 12 months), or even look into a more serious commitment (one to three years). Destinations are available throughout the world.

Financial Aid for Studying Overseas

FSU students are able to transfer all federal financial aid overseas to help pay for study abroad programs, along with most state and institutional aid for most FSU sponsored programs. The OE also awards study abroad scholarships of $500 and $1,000 to qualifying students. Many other state and national scholarships are also available to help cover overseas costs.
