'Annie Get Your Gun' Opens UT Season

University Theatre will open its 2005-2006 season with the Irving Berlin musical, "Annie Get Your Gun," with performances on Oct. 7, 8, 13, 14 and 15 at 8 p.m. and matinees on Oct 8 and 15 at 2 p.m.

First produced in 1946 with Ethel Merman in the title role, "Annie Get Your Gun" has enjoyed several Broadway revivals. Points of Pride

FSU's Police Department has won the Maryland State Governor's Crime Prevention Award for the 16th time

since 1990. FSU Police won the award under category A, which includes efforts on all fronts of crime prevention. The purpose of the award, stated by the application, is "to recognize those departments who have incorporated an overall outstanding crime prevention program as an integral part of their daily lives."

In order to win the award, FSU Police implemented personal, residential and commercial security programs, as well as provided crime prevention training and public information/media activities, and officer recognition for crime prevention. The FSU Police have also supported the National Crime Prevention "McGruff" campaign by displaying the character on posters throughout campus and in the residence halls.

The many different personal security programs from the FSU Police Department include presentations regarding safety on campus. Other presentations included informing the public about rape and sexual assault, elderly crime prevention, youth crime prevention and drug abuse prevention.

FSU Police also worked to increase residential security programs by having nine students work with the department as "Night Assistants." The students are equipped with radios and become the eyes and ears of the police. They tend with common situations such as theft.

Volunteers

BURG Jail Bail to Benefit Storm Victims

Each year the BURG Peer Education Network sponsors its Annual Jail Bail Fundraiser, an event designed to create awareness about DWI and its consequences. The funds raised help send FSU's peer educators to the National Peer Education Conference in November.

In light of hurricanes Katrina and Rita, the BURG students have decided to use 100 percent of the Jail Bail Funds towards hurricane family assistance programs. They also have decided not to attend the conference this year but to take the time, energy, compassion and efforts to help raise money and awareness about the long-term needs of thousands of families.

You can help this year's jail bail by the following ways:

1) Volunteer to be "mock arrested" and sit in the "jail" in the Lane University Center to make your \$20 bail.

2) Write a check in any amount to FSU BACCHUS, send to 111 Sand Spring Hall.

3) Inform and encourage others to donate their time or money.

If you decide to volunteer to actually sit in the jail, please contact Don Swogger at dswogger@frostburg.edu to let him know what day and time is good so BURG can schedule volunteers and not have too many in "the clink" at the same time.

NSEP Funding Available for Study Abroad

The National Security Education

Program (NSEP) provides scholarships for undergraduates who wish to study overseas in areas of strategic interest to the U.S. Students may take part in any approved study abroad program, provided the location is included under NSEP guidelines. Funding is available for summer, semester and full-year programs, and students who plan to participate in language immersion programs are encouraged to apply. The deadline for funding for next summer and fall is in early February. The online application is available at www.iie.org/nsep. For information, visit the CIE.

Study Abroad Programs

The Center for International Education offers a variety of ways for FSU students to see the world. In many cases, students register at FSU during a semester abroad and can take all financial aid with them and transfer credit back to FSU. For information on programs or scholarships, contact Dr. Amy Simes at the CIE in the Fuller House on Braddock Road, x3091, asimes@frostburg.edu or visit the CIE Web page at www.frostburg.edu/admin/cie/cie.htm.

Safety Message

Survey Your Electrical Panels for Clear Access

The National Electrical Code requires a clear path to all electrical panels. This is a serious issue. During an emergency, access to the panel to shut off the electricity can mean the difference between serious injury or preventing one. It is your responsibility as an employee, a supervisor, a lead worker, a department chair/head and a working foreman to remove any obstruction from the front of electrical panels in your area. If you observe an electrical panel that is not accessible, report it to the Safety Office at x4897.
