CES to Present ‘Golden Pond’ with Jack Klugman

The FSU Cultural Events Series is pleased to announce the addition of a special theatrical performance of “On Golden Pond” to its 2002-03 season. Jack Klugman, one of television’s favorite curmudgeons, will appear in “On Golden Pond” with Anita Gillette at FSU on Tuesday and Wednesday, March 18 and 19 at 7:30 p.m. in the Performing Arts Center’s Drama Theatre.

This production is part of FSU’s Cultural Events Series, with Dinner Show and Arts Getaway Packages available for both shows. This performance is presented in partnership with the Cumberland Holiday Inn, which will also provide discounted room rates to anyone purchasing tickets to the performance.

“A touching, funny and perceptive story of a family, the play focuses on the bond between Norman and Ethel, a couple in their golden years. Klugman is perfectly suited to the role of Norman, an almost 80-year-old retired professor with a playful, feisty yet crusty attitude. His wife Ethel, younger by a decade, serves as a perfect foil, with her delight in the little things that have enriched their long marriage. Their divorced daughter Chelsea joins them at their summer vacation home, along with her dentist boyfriend and son. Chelsea suffers from the pain of a father and daughter who love each other but haven’t expressed it to one another, while her son adds a fresh note with his youthful spirit.

Klugman, a versatile character actor who appeared on Broadway and in television from the 1950s through the 1990s, is best known for playing sportswriter Oscar Madison in the “The Odd Couple” with Tony Randall as his fussy roommate, Felix Unger. He then played a crime-fighting medical examiner on another series, “Quincy M.E.” Anita Gillette’s most memorable roles include Mona, Vincent Gardenia’s mistress in “Moonstruck” (1987) and Mary-Louise Parker’s outspoken mother in “Boys on the Side” (1995). Klugman and Gillette first worked together in 1959 as co-stars in the Broadway show “Gypsy.” Later, as Dr. Emily Hanover on “Quincy, M.E.,” she went on to “marry” Klugman’s character.

Tickets are now on sale for $29 each and seating is limited.

The Arts Getaway Package transforms your ticket into a delightful getaway for two, with a choice of accommodations at LaVale’s Best Western Braddock Motor Inn or the Downtown Cumberland Holiday Inn. Included with one night’s stay is breakfast and dinner for two, a special welcome gift at check-in, round-trip transportation between the hotel and FSU’s Performing Arts Center and two...
preferred seating tickets for the CES performance of your choice.
The Dinner Show Packages, available at seven area restaurants, will turn your Golden Pond evening into a special occasion.
Participating restaurants include the Acropolis Restaurant & Lounge, Gandalf’s Restaurant & Pub, Gehauf’s Restaurant, Giuseppe’s
Italian Restaurant, Harrigan’s Restaurant and the Tombstone Café. Complimentary transportation is available.
To purchase tickets, call or visit the CES Box Office, Monday through Friday, between 9 a.m. to 3 p.m. The Office is located at FSU in
the Lane University Center, Room 235, and can be reached at x3137 or toll-free at 1-(866) TIXX CES. Online ticketing powered by
CyberSeats is available at the FSU’s Cultural Events Series Web site at http://ces.frostburg.edu.
All tickets not purchased in person will be charged a $1 per ticket handling fee. Payment by credit card (VISA, MasterCard, Discover
and Bobcat Card), check and money order is accepted.

New University Police Profiling Policy
A full year in advance of the required date for all Maryland police agencies to have a profiling policy, the University Police have
formally adopted a policy ensuring that all investigative and enforcement traffic stops will be based on articulable and constitutionally
valid reasons. Consideration of a person’s race, ethnicity, age or gender in any law enforcement action is specifically prohibited, unless
one or more of these characteristics is part of a lookout for a specific suspect. University officers have been trained in the
implementation of the new policy, which includes a data collection system to monitor its effectiveness.
“Our officers have always performed so as to make sure profiling wasn’t an issue,” said University Police Chief Brian Shanley, “but
now the community we serve can have an extra degree of assurance that we will deliver our services in a completely professional
manner.”

**POINTS OF PRIDE**

Members of the Department of Physics and Engineering, **Greg Latta, Stephen Luzader, Hang Deng-Luzader and Francis Tam**, attended the annual meeting of the Appalachian Section of the American Association of Physics Teachers at Franciscan University in Steubenville, Ohio, in November. Latta presented the paper “Observing Secondary Emissions of Electrons in Vacuum,” Stephen Luzader presented the paper, “Determining the Motion of Comet Hoenig with CCD Images,” and Tam presented the paper, “Einstein in Western Maryland – a Best-Kept Secret.” Hang Deng-Luzader was elected representative to two-year colleges and Tam was elected section representative and Nomination Committee chair.

This year’s annual **Big Band New Year’s Eve radio show from WFWM** with local host Ken Heath had an even larger listening audience than in years past. Special arrangements were made with WFWM to simulcast the six-hour show on radio station WCCE, the public radio station at Campbell University in North Carolina. WCCE station manager Travis Autry said the show was a big hit with his listeners and plans to hook up with WFWM again next year. Ken Heath’s popular Big Band show can be heard on WFWM at 6 p.m. on Friday throughout the year.

FSU Faculty and staff donated 305 toys and $70 to the **Toys for Happiness 2002 Drive**.

Eighteen FSU students enrolled in a leadership studies class recently participated in a volunteer service project as part of the Unity in the Spirit of America (U.S.A.) Initiative, created to commemorate the victims of the September 11 attacks. The project, entitled “Service Leadership,” involved participation in the 2nd Annual County United Way Day of Caring & Sharing in Frostburg. The student volunteers cleaned up roadways and side streets by removing garbage, leaves and debris and painted parking meters on Main Street.

**GET INVOLVED**

**Auditions for ‘The Vagina Monologues’**
Auditions for “The Vagina Monologues” by Eve Ensler are open to all FSU women and men: students, faculty, and staff. Auditions will be Thursday, Jan. 30, and Friday Jan. 31, from 5 to 7 p.m., in the PAC Drama Theatre. Callbacks (if needed) will be Saturday Feb. 1, from 3 to 5 p.m., in the Drama Theatre.

This year, we will add two new pieces to “The Vagina Monologues” by bringing together groups of women and men to create original monologues reflecting the theme: “What will MY community look like when violence against women and girls no longer exists?” this marks the first time men will participate in productions of the play.

WOMEN: For the auditions, prepare your favorite monologue from the college campaign script. These pieces do not need to be memorized. If you do not want to be considered for a role in the play, but would like to participate in the original group piece, please let us know!

MEN: Although we cannot consider you for actual roles in the play, we WANT you to become involved by helping to create the men’s original monologue! Please pick up an information sheet at the PAC Theatre Office, located on the 3rd floor. College Campaign scripts can be checked out at the Theatre Office, 3rd floor, PAC, for 24-hour periods. If you have questions please contact director Christy Leake (301-689-0012; periwinkles@prodigy.net), or V-DAY coordinator Nicole Mattis (x3212; nmattis@frostburg.edu).

Benefit performances will take place on Feb. 26 & 27. Proceeds from the shows will go to Dove Center of Garrett County and Family Crisis Resource Center (FCRC) of Cumberland. This year’s V-DAY Spotlight is on American Indian and Canadian First Nations Women.

In keeping with the V-Day 2003 theme of “From V-Day to V-World: Envisioning a World Without Violence,” we are able to create and perform two new monologues. The first must be written and performed by men, the second must be written and performed by women. And each must be developed in a separate workshop environment - the men workshopping the men’s monologue, the women workshopping the women’s monologue. We hope to assemble as many men and women as we can to write the respective pieces. Cast members of The Vagina Monologues can participate in the development of these new monologues, but we hope for many others to be involved in the writing/performing of these pieces.

The focus of both should be “What will my community look like when violence against women and girls no longer exists?” Each group should create a narrative, a universe, a journey, an emotional experience, or a vision of what the world will look like when the violence ends. The monologue might be a plea, a rant, an enlightened narrative, a hip-hop journey of ambiguity, an emotional story. It might include the way we are going to get there, what is in our way, why we are afraid of peace, how different it will feel, taste, seem. The more specific the images, the stories, the feelings - the better. The monologues shouldn’t be too long and they will be the last two monologues in our production, with the men’s piece second-to-last and the women’s piece last. These monologues will not only enhance our production and make it very much our own but, because our extended community will participate in the processes of creating and performing them, they will be part of the beginning of the end of violence against women and girls in our community. Please attend the first meeting on Sunday, Feb. 2, from 3 to 4 p.m., Room 224 of the PAC.

Students may take financial aid with them and may apply for scholarships from the CIE and from ISEP. Students may choose programs taught either in English or other languages. For the price of an airline ticket, this is a great way to earn credit toward your FSU degree while enjoying life in a foreign culture. Apply now for summer or fall 2003.

Gain Work/Volunteer Experience Overseas
Students interested in working abroad should come by the CIE for information about internships, volunteer organizations and paid work overseas. Many organizations help students obtain jobs and work permits, and some help to arrange housing as well. Students can choose from short experiences (one to two months) to longer experiences (four to 12 months), or even look into a more serious commitment (one to three years). Destinations are available throughout the world.

Do Your Student Teaching in Copenhagen
Education majors who would like to earn a semester of FSU credits while studying in Denmark should apply for the spring semester exchange program with the KDAS School of Teacher Training in Copenhagen. Students complete projects and spend several weeks in Danish schools practicing student teaching skills. All courses are in English. Financial aid transfers and scholarships are available.

Study in Limerick, Ireland
Students interested in taking part in the Ireland Exchange Program in Limerick are encouraged to pick up an application at the CIE. Participants study at Mary Immaculate College and take one FSU class and three MIC classes. All financial aid will transfer and scholarships are available. Apply now for spring 2004.

Study in Newcastle, England
Students interested in studying at the University of Northumbria in Newcastle, England, may apply now for the fall 2003 semester. Newcastle is one of the liveliest cities in the UK, just across the Channel from Amsterdam, and three hours north of London (one hour south of Edinburgh) by train. Courses are available in a wide variety of subjects. The cost of the program is about the same as one semester at FSU (in-state) and all financial aid will transfer.

Financial Aid for Studying Overseas
FSU students are able to transfer all federal financial aid overseas to help pay for study abroad programs, along with state and institutional aid for most FSU sponsored programs. The CIE also awards study abroad scholarships of $500 and $1,000 to qualifying students. Scholarship deadline for summer, fall and academic year programs is March 15. Many other state and national scholarships are also available to help cover overseas costs.

Choose from Over 20 Locations to Study
FSU affiliates with the American Institute for Foreign Study (AIFS), which offers study abroad programs in a variety of locations at universities around the world, including Richmond College in London. Programs are open to all majors. Study in Prague, South Africa or Japan. You may register at FSU and use your financial aid for all programs. AIFS offers scholarships to qualified students. Take advantage of free rail pass offers.
Study Down Under
FSU is affiliated with AustraLearn, an organization that provides unique opportunities for students to study at universities in Australia and New Zealand. AustraLearn arranges cheap flights, an orientation program on the Great Barrier Reef, pre-registration and transcript evaluation. Students may choose from a broad range of courses at campuses in beautiful and exotic surroundings. Scholarships are available from both FSU and AustraLearn.

Learn More about Study Abroad
Students who would like to learn more about study abroad opportunities and how they fit into a degree program may come to the CIE. The staff will provide an overview of programs and requirements and have applications available. Scholarship and financial aid information will also be available. Students may use the CIE library and computer to search for programs. Many videos are also available.

Music from Around the World
Tune in to the university radio station, WFWM (91.9 FM), every Wednesday between 7 and 8 p.m. for “Planet Frostburg.” Listen to both traditional and contemporary world music and get the latest about study abroad.

SAFETY MESSAGE
In Case of Fire
Fire alarm procedures for staff:
• Be familiar with a primary and alternate evacuation route from each area in which you are assigned to work.
• When an alarm sounds, proceed in a safe and orderly fashion to the nearest clear exit. In cold or inclement weather, take outer clothing.
• Use the secondary exit if there are smoke or flames between you and the primary exit.
• If you are supervisor, be sure that your employees react promptly to the alarm.
• Use the stairs, not the elevator.
• Assist any disabled individuals. If you can’t help the disabled person out of the building, assist him/her to an enclosed stair tower, safe from smoke, flame and gases. If you leave a disabled person in a stair tower, be sure to notify fire personnel.
• Instruct students or others to evacuate via the nearest clear exit.
• Do not congregate near exits.
• If, in your personal judgment, time and conditions permit, turn off all heat-generating appliances. Likewise, secure cash, valuables and sensitive data, and shut doors and windows.
• Do not re-enter the building until University Police give the “all-clear.”

Procedures for faculty:
• Be familiar with a primary and alternate evacuation route from each area that you teach in. Evacuation route information (including instruction not to use elevators) should be shared with students during the first meeting of each class and each time a fire alarm sounds.
• When an alarm sounds, release the class IMMEDIATELY, telling students to proceed in a safe and orderly fashion to the nearest clear exit. You should evacuate also.
• If, in your personal judgment, conditions permit, heat-generating appliances should be turned off in the exit process. Doors and windows should be shut.
• Assist in preventing students from congregating near building exits.
• The building should not be re-entered until University Police give the “all clear.”
• Requirements to leave the building apply to faculty during non-teaching times as well.
