FSU Theatre: ‘See What I Wanna See’

FSU Theatre’s Second Stage series will present the musical, “See What I Wanna See,” by Michael John LaChiusa.

As the final event for the 2008-09 season, CES will present The Acting Company/Guthrie Theater Production of “Henry V” by William Shakespeare Tuesday, April 28, at 7:30 p.m. in the PAC Drama Theatre.

Combining the artistry of two of America’s great theaters, Minneapolis’ Guthrie Theater and The Acting Company, this grand production of the Shakespearean epic follows the charismatic warrior king’s aggressive pursuit of the French crown, as he and his ragtag band of men confront the brutality of warfare and their own destinies. Directed by Davis McCallum, the play expertly balances the thrilling heroics of battle with the complex reactions of men who are sometimes unsure of the justice of their cause. Shakespeare’s meditation on the price of glory resonates through the ages. Tickets are $16 for adults and $11 for those under 17. Group rate tickets are also available. Tickets may be ordered by calling 1-866-849-9237 or x3137, or by visiting ces.frostburg.edu.

**‘Dichotomy’ Exhibition Focuses on Duality**

“Dichotomy,” an exhibition that explores the theme of duality and features artwork by FSU seniors Ashley Andersen, Jennifer O’Sullivan, Adrian Boyer, Joshua Hacker and Roy DeVore, will be on display through **Wednesday, April 29**, in the Stephanie Ann Roper Gallery.

Andersen combines all three disciplines into unique and suggestive “broadsides” featuring her own poetry and those of other writers. Her talents also include strong black and white design and oil painting.

The exhibition includes many works from O’Sullivan’s growing illustration portfolio. Her most recent series features morbid representations of the human body in ink and watercolor, a contrasting mix of subtle soft color and harsh depictions of self-image.

Hacker prefers abstraction to strict realism. He believes in art’s ability to teach empathy, respect and to broaden perceptions. Hacker is focusing on painting and sculpture; his style varies from more organic abstraction to a very geometric technique.

Boyer has spent many hours reading comic books and watching cartoons and horror movies. Their vivid illustrations serve as a catalyst for his unique style.

DeVore believes in working toward the perfection of technique. He uses traditional European painting techniques to convey Eastern philosophical ideals, and ranges from Rembrandt-like portraiture to industrial-style illustration.

Artwork featured will be available for purchase from the artists throughout the exhibition.

The Stephanie Ann Roper Gallery has free admission and is open to the public Sunday through Wednesday from 1 to 4 p.m. For info, contact FSU Department of Visual Arts at x4797.

Naylor Family’s Gift Helps FSU Fund Grad Students

Thanks to a generous gift from the Howard and Audrey Naylor Family Trust, FSU is making it possible for more graduate students in its education program to get the preparation they need to work with special needs children in the Appalachian region.

In December 2008, the FSU Foundation, Inc., received a generous contribution from the Trust, establishing the Howard and Audrey Naylor Scholarship (Naylor Scholars Program). Starting fall 2009, the new scholarship will be awarded annually to promising graduate students in FSU’s College of Education. Naylor Scholars will receive paid tuition and associated fees, books and in-state enrollment for one year and one summer at FSU. They will be selected based on their interest in teaching and working with children who have special needs. The scholarship also includes preferences for candidates who intend to teach in the Appalachian region, preferably close to Western Maryland, and who are able to conduct practical research related to facilitating students with special needs placed in traditional classrooms.

Howard and Audrey Naylor passed away in 2006. The scholarship’s specifications reflect the Naylor family’s personal experiences with special needs children and their lifelong commitment to education. Howard and Audrey were school teachers and advocates in the education community; Audrey served as a teacher in classrooms with special needs students well into her 80s. Additionally, one Naylor family member had a daughter and grandson with special education needs.

The Naylor family has deep roots in the Western Maryland area of Appalachia. In addition to the popular Naylor’s Ace Hardware store for which the family is known, Howard, an Oakland, Md., native, filled various important roles in the Garrett County community, including serving on the town council and as president of the Oakland Lions Club. He also loved skiing in Western Maryland and bought the ski tow equipment that led to the successful establishment of Western Maryland’s Wisp Ski Resort. Howard and Audrey enjoyed many years in Oakland, where they raised their five children.

The decision to fund a scholarship at FSU supports the NFTF’s mission – The Trust is dedicated to education-focused organizations and institutions in Appalachia.

“Howard and Audrey Naylor believed Frostburg has served a valuable role in generating first-class students and many graduates of Garrett County high schools attend FSU,” a representative of the Trust said. “We believe the need to train special needs teachers is clear, given the challenges and our evolving understanding of how to best address these unique students. We hope this scholarship will generate many innovative teachers for years to come.”

The FSU Foundation has embarked on a $15 million comprehensive campaign, Staking Our Claim: The Campaign for Frostburg, to raise badly needed funding for higher education in Western Maryland. Donations to the Foundation support student scholarships and programs, academic programs, faculty development and other critical University needs. For more information about supporting FSU, visit foundation.frostburg.edu or call x4161.

“Dr. Golden brings a great deal of experience and knowledge to the role of associate dean, having served as a public school teacher and administrator and as a faculty member and department chair in higher education,” said Dr. Ken Witmer, dean of the College of Education.” He is a person of great integrity and dedication to the education profession. His leadership skills will be an extremely valuable asset to the College of Education as we continue to move toward the development of the doctoral program in education.”

In addition to his experience at the university level and in public schools, Golden authored a nationally recognized leadership program in 2000 and 2007 through the Educational Leadership Constituent Council of the National Policy Board for Educational Administration. He earned an Associate in Arts degree from Allegany College of Maryland, Bachelor of Science in education, Master of Science in administration and supervision and a Master of Science in management from FSU and a Doctorate of Education in curriculum and instruction from the University of Maryland, College Park. He also serves as national college program reviewer for ELCC and an evaluator of principal/superintendent licensure assessments nationwide with Educational Testing Service.

Dr. Gary Wakefield has been appointed as chair of the Department of Educational Professions.

The cost is $375 for commuter students and $575 for students residing on campus. For info, contact LaFemina.

The Stage Combat Workshop will take place June 21 through 27. Student actors will engage in group and individual instruction in unarmed and single-sword stage combat. Changes to Financial Aid Process

The Financial Aid Office is notifying students about changes in the financial aid process for the 2009-10 academic year. The office will begin processing its student loans through the William D. Ford Direct Lending program. It will no longer be processing Federal Stafford Loans or Federal Parent PLUS Loans through banks via the Family Federal Education Loan Program. Students and parents applying for a federal loan for the 2009-10 academic year will be required to sign a new Master Promissory Note (MPN). This change will benefit students by reducing their 1.5 percent in loan origination fees. Students and parents will not be able to complete a new MPN until after Monday, June 1. Students will be sent a notification with instructions to their FSU e-mail accounts before June 1 and should watch their mail and e-mail for important announcements and updates.

Wolf also received the National Outstanding Student Award, which is awarded to 15 students out of hundreds nationwide.
