What Are "The Vagina Monologues"?

Hailed by The New York Times as "funny" and "poignant" and by the Daily News as "intelligent" and "courageous," "The Vagina Monologues," which was first performed off-Broadway by Ensler, dives into the mystery, humor, pain, power, wisdom, outrage and excitement buried in women's experiences. Ensler has performed the play to great acclaim throughout the world. Villard Books/Random House first published "The Vagina Monologues," which includes a foreword by Gloria Steinem, in February 1998.

What Is V-Day?

V-Day is a global activist movement to end violence against women and girls and a catalyst that promotes creative events to increase awareness, raise money and revitalize the spirit of existing anti-violence organizations. V-Day generates broader attention for the fight to stop violence against women and girls, including rape, battery, incest, female genital mutilation and sex slavery. V-Day strives to empower women to find their collective voices and demand an end to the violence that

affects one in three women in the U.S and around the world.

The V-Day movement is growing at a rapid pace throughout the world, in 140 countries from Europe to Asia, Africa and the Caribbean and all of North America. In 2001, V-Day was named one of Worth Magazine's "100 Best Charities," in 2006 one of Marie Claire Magazine's Top 10 Charities and in 2010 one of the top-rated organizations on GreatNonprofits. In 11 years, the V-Day movement has raised over \$85 million.

He has been involved with Reacting to the Past for a decade and finds Reacting almost always sparks students’ engagement and raises their academic achievements in his classes. With James Stewart, Higbee is the co-author of the game “Frederick Douglass, Slavery, Abolitionism and the Constitution: 1845” and is working on another game that is centered on the dynamics of racism and resistance in the U.S. – a Montgomery bus boycott game. Take Note

FSU to Once Again Take Part in RecycleMania Tournament

New Text-Social Media Category Will Tally Students’ Waste Reduction and Recycling Actions

RecycleMania is back in action as college campuses, including FSU, compete to see who can reduce, reuse and recycle the most on-campus waste. Over a span of eight weeks, running **through March 28**, classic college rivalries will break out of the basketball arena and into the recycling ring as schools strive to outdo each other in a contest that builds school spirit and raises awareness about waste reduction programs on campuses.

Schools compete in several weight-based categories that measure recycling and waste reduction per capita, as well as overall campus recycling weights and recycling and composting as a percentage of total waste generated. Each week, schools report their data and receive updated rankings to compare against their rivals and rally student participation. The “Game Day: Basketball” category brings the excitement courtside, challenging schools to reduce waste and increase recycling during a selected home basketball game.

This year’s competition will include a new way for students to participate in RecycleMania. By posting digital messages and “selfies” to document their waste reduction or recycling actions, students will earn points to determine their school’s standing in the new “3R Actions Challenge” category. This integrated social media, text and web-based competition is offered through an engagement platform called “my Actions.”

For the past several years FSU has placed in the top fifth of the campuses that participated, ranking above most Maryland colleges and universities. FSU needs every student, faculty and staff member to get involved to ensure another Bobcat victory in RecycleMania!

A complete list of participants can be found at www.Recyclemania.org. For info, contact Lawrence Gingerich, Safety and Sustainability coordinator, at lagingarich@frostburg.edu

Reminder: Recycle bins are not garbage containers! The bins are for glass, aluminum, plastic and mixed paper. Cardboard boxes should be broken down and slid in behind the bins.

Call for Proposals – Honors Program’s Undergraduate Research Opportunity Stipend

The Honors Program is seeking faculty applications for the Undergraduate Research Opportunity Stipend (UROS) program, which helps faculty mentors and high-ability students to collaborate on original scholarly research. UROS is intended to provide assistance and guidance to those students who plan to pursue a future career in research and/or university teaching.

UROS grants are intended for the duration of one academic year. Research projects in any discipline are welcome.

UROS students receive a stipend of \$500 and the opportunity to attend professional conferences. Travel stipends, faculty and student funds for conferences and funds for necessary equipment are supported as part of the award. The student participates as a research assistant to the faculty member. Over time, the student is expected to have increasing responsibilities. This faculty-student collaboration should begin in fall 2015.

FSU students in good academic standing with a 3.0 GPA at the time of application are eligible for the program. Preference is given to students who are actively participating in the University Honors Program.

Faculty are encouraged to recommend a student as part of their application. If no student is identified, the Honors Program Advisory Group, in consultation with the faculty member, will identify an appropriate student.

For info or a Faculty Mentor application, contact Dr. Greg Wood at 301-687-4998 or gwood@frostburg.edu. The deadline to submit an application is **March 1**.

Community Dialogue on Police-Community Relations Set for March 4

A community dinner and dialogue to discuss police-community relations will be held on **Wednesday, March 4**, from 4 to 7 p.m. in CCIT 397. This public event continues an important conversation begun in a classroom dialogue in October on this topic, which included local and campus law enforcement, FSU students and regional residents, as well as representatives of state and national commissions. In addition to allowing the sharing of perceptions to increase mutual understanding and respect, the

session will focus on moving toward creative, tangible outcomes for improving police-community relations on and off FSU's campus. The session is sponsored by FSU's Communication Studies program, the Maryland Commission on Civil Rights and local branch No. 7007 of the NAACP. For info, contact Dr. Elesha L. Ruminski, associate professor of Communication Studies, at 301-687-4480 or elruminski@frostburg.edu.
