- Good process
- Pace of discussion was just right!

- Afternoon session was best. Good input and discussion. Follow-up is key!!
- Well done. Thanks for including deans. Please improve coffee.
- My hope as we adopt a new strategic plan is that lessons learned from subsequent years will be better aligned with data that shared with campus community.
- We have a good set of ideas to plan for in the future and associated metrics to measure our effectiveness in meeting our goals. Accountability is key here!
- Thanks for invitation. For a new person it was quite informative, informational and educational.
- Messages/goals/plans will need to be refined over time. Both groups need focus. Intentionality is essential.
- The small group work of the “dot” exercise helped to make it easily engaging for everyone.
- The PACIE and UAS breakout time in the afternoon was disjointed. UAC took some initiatives in a different direction from PACIE worked on trying to measure.
