 - a. Who will be responsible for being the change agents for these follow-ups within each division, department, or governance unit?
 - b. Be selective with the projects we choose to take on. Reconcile ourselves to a new reality. We cannot ask people to do more with less; we are going to have to ask people to do less with less.
 - c. Conversations surrounding where we need to cut and where we need to invest.
 - d. Project management software may be a helpful tool to show the process movements of specific discussions.
 - e. Can ideas/discussion topics be put forth on the Idea Generator in the faculty/staff portal and made available for up or downvote to determine what topics move forward? Or should UAC choose those topics and then put those select items in front of the university community? **ACTION:** Donnell will send out a survey to members of the UAC with the topics to choose from. This survey will be completed before the next UAC meeting and prepared for discussion by the group at the April 26th meeting.

 4. SGA working on a presentation partnering with Admissions and Financial Aid speaking to what FSU has to offer and how to navigate the financial aspects of enrollment.
 5. Members of Staff Senate are participating in the Campus Culture work group.

6. Communication will be sent out to the campus tomorrow with take-aways from the February open campus sessions. This will also be presented during the Staff Senate and Faculty Senate meeting later this week.
