

Frostburg State University offers students the option to have any overpayment refund processed as a direct deposit into a checking or savings account. By utilizing direct deposit, student can avoid waiting in long lines to receive a refund. Once funds are disbursed to the Billing Office, the refund process is initiated. Whenever a direct deposit is sent to the bank for processing an email notification is sent to the student's FSU email account.

How do you setup this up for yourself? The process is simple; login to your PAWS account and then click on Self-Service, Student Center, Finances, and then click Setup Direct Deposit. Make sure you have your bank name, transit (routing) number, and your personal account number. It is very important to verify your bank account information prior to establishing your direct deposit account. Should the information be incorrect or invalid, the University will receive notification from our bank and will then try to contact you to update your information. This will delay your refund. If your account information is incorrect or invalid and the Billing Office is unable to reach you, a paper check will be issued in place of the direct deposit to meet Federal regulations for financial aid disbursement.

Once you are enrolled in direct deposit the information is retained in your PAWS account until you inactivate or change the banking information.

Should you have any questions about the direct deposit option, please contact the Billing Office at 301-687-4321 or billingoffice@frostburg.edu.
