Institutional Policy on Student Behavior

Frostburg State University is a community. For the University to meet its educational goals, we must be a disciplined community that allows individuals to develop to their full potential. To that end, the University has created a set of standards regarding personal conduct within this community. Personal responsibility and respect for others are the key values underlying these standards.

Teaching students to accept responsibility for their behavior and to respect the rights of others is a high priority for our University community. The community benefits from this learning through the improvement of the learning environment. Students become more productive when they have adopted these values. One of the responsibilities is to challenge behavior that violates the rights of others or which violate the laws of the larger society.

By holding each student to a high standard of behavior, the University seeks to both protect the campus community and promote the moral and ethical development of students. In doing so, we also have an obligation to regard each student as unique, deserving individual attention, consideration and respect. There are times when the University must exercise its responsibility to the community by adjudicating and disciplining violations of University Standards of Personal and Group Conduct, which may result in student suspension or expulsion. Behavior which is prohibited by these standards is outlined below. These standards arise from the key values of personal responsibility and respect for others. By presenting these to you, we hope to begin a process which will lead to your support of the guidelines and the values upon which they are based.

We believe that the educational focus of our institution will be served best by a serious commitment to helping students develop responsible personal attitudes and behavior. We feel it is our responsibility to establish behavioral guidelines which are stated clearly and to define the consequences for those acts outside these guidelines. We intend to fulfill this goal by making these guidelines and consequences well known to all members of our community. It is our hope that the response to these expectations will be a positive one which enables our community to better achieve its educational mission and to affirm the wholeness of that mission, inside and outside of the classroom.

Inherent Authority

The University reserves the right to take necessary and appropriate action to protect the safety and well-being of the campus community through enforcement of the Code of Student Conduct for behaviors and incidents occurring both on and off the University premises.

Interpretation of Regulations

Student conduct regulations at the University are set forth in writing in order to provide students general notice of prohibited conduct. The regulations are not designed to define misconduct in exhaustive terms, and are to be read broadly.

Standards of Due Process

The focus of inquiry in student conduct proceedings shall be to determine whether or not the referred student has violated the University Standards of Personal and Group Conduct using a preponderance of evidence standard (more likely than not, or 51% likely). Formal rules of evidence shall not be applicable, nor shall deviations from prescribed procedures necessarily invalidate a decision or proceeding, unless significant prejudice to a student or the University may result.

Violations of Law and Student Conduct Regulations

Students may be accountable to civil authorities and to the University for acts which constitute violations of law and of this Code. Student conduct proceedings at the University will usually proceed while criminal proceedings are pending and will not be subject to challenge on the ground that criminal charges involving the same incident have been dismissed or reduced.

Search and Seizure

Frostburg State University has the authority to conduct a reasonable search of University property, including but not limited to residence hall rooms. A student's residence hall room, personal possessions or other University property will be searched by University officials only (1) when there is reasonable cause to believe that illegal or other detrimental use is being made of the property in violation of University policy and (2) under authorization by an administrator designated by the President. The authorization shall specify the reasons for the search and the objects or information sought. If possible, the student shall be present during the search. The right of reasonable search is based on the responsibility of the University to provide for the safety, health and welfare of the University community. Material or information found through inspection may lead to action through the University Code of Student Conduct System and/or by the proper law enforcement agency.

Administrative search authorization is not required in emergencies, when the student concerned consents to the search, where the search is incident to a lawful arrest by a police officer, where the search is pursuant to a warrant by a law enforcement agency, or when a student's health or safety is in jeopardy.

University Standards of Personal and Group Conduct

The following forms of conduct are prohibited by Frostburg State University and are subject to student conduct proceedings. Attempts to commit acts prohibited by this Code shall be addressed to the same extent as completed violations. Disciplinary outcomes for off-campus misconduct shall not be more severe than for similar on-campus misconduct. Student conduct action may be taken in addition to actions which may be taken by civil or criminal courts.

1. Academic Dishonesty

Academic dishonesty is defined to include any form of cheating and/or plagiarism. Cheating includes, but is not limited to, such acts as stealing or altering testing instruments; falsifying the identity of persons for any academic purpose; offering, giving or receiving unauthorized assistance on an examination, quiz or other written or oral material in a course including looking at another person's answer key or test or taking an online test with assistance from another person; or falsifying information on any type of academic record. The presence of cell phones and/or other electronic devices during an exam may also be considered prima facie evidence of academic dishonesty. Plagiarism is the presentation of written or oral material in a manner which conceals the true source of documentary material; or the presentation of materials which uses hypotheses, conclusions, evidence, data, or the like, in a way that the student appears to have done work which they did not, in fact, do. In cases involving academic dishonesty, a failing grade or a grade of zero (0) for either an assignment and/or a course may be administered. Students who are expelled or suspended for reasons of academic dishonesty may not be admissible to other institutions within the University System of Maryland. Suspension or expulsion for academic dishonesty is noted on a student's academic transcript.

2. Computer Misuse and Dishonesty

The University considers any misuse of its computer system to be a serious offense. A student may not attempt to degrade the performance of the computer system, to seek to penetrate its security, or in any way deprive other users of resources or access to the computer. Further violations include, but are not limited to,

- (a) using a computer account belonging to another individual without the explicit permission of that individual;
- (b) tampering with the operation of the University's computer system including both its equipment and its programs;
- (c) using the system for commercial purposes;
- (d) inspecting, modifying or copying programs or data without authorization from the owner;
- (e) using file sharing software in violating copyright laws by illegally downloading or uploading music, movies or video files.

3. Falsification of Information

Falsification of information includes any form of providing false or misleading information, written or oral, in a manner which has the intent or effect of deceiving authorized University personnel, including members of student conduct panels, or of altering or falsifying official institutional records. Misrepresentation of oneself or of an organization as an agent of the University will also be considered a violation of this section.

4. Improper Possession, Use or Abuse of Alcoholic Beverages

Students under 21 years of age may not possess, purchase, sell, provide, or consume any alcoholic beverages on or off-campus. Students 21 years of age or older may not purchase, sell, or provide alcohol to underage persons on or off-campus. Abuse of alcohol, dangerous levels of intoxication, driving under the influence of alcohol, or acting as social host who provides a location or opportunities for others to violate the University's alcohol policies (including underage drinking) on or off-campus shall constitute a violation of this policy regardless of age (see Substance Abuse Policy on page 53).

5. Possession or Use of Drugs

A student shall not possess or use any illegal or controlled drug or other substance, as defined by the laws of the state of Maryland, or drug paraphernalia of any kind other than those used under the direction of a physician by the individual prescribed, and in accordance with the Drug-Free Schools and Communities Act (1989), are strictly prohibited. No student shall sell or give such drug or substance to any other person. Students found responsible for use, possession, or sale of illegal drugs or drug paraphernalia of any kind may be subject to discipline including a recommended sanction of suspension or expulsion from the University (see Substance Abuse Policy on page 53).

6. Obstruction of the Rights of Others

The University is committed to the maintenance of freedom of speech, press, expression, association, and access to the established educational facilities and processes. At the same time, the University will not tolerate willful efforts of individuals or groups to limit the exercise of those freedoms by others or to disrupt the normal processes by which the University fulfills its educational mission. Accordingly, University action and/or appropriate public law enforcement action will be taken against persons who willfully limit the protected freedom of others through disorderly assembly, disorderly picketing, obstruction of free speech, press, expression, assembly or access to the facilities and processes of the University.

7. Disorderly or Disruptive Behavior

The University will not tolerate disorderly or disruptive conduct which substantially threatens, harms, or interferes with University personnel or orderly University processes and functions. Disruptive behavior includes, but is not limited to, public urination, lewd behavior, yelling

profanity, creating disturbances requiring police or emergency response, wearing masks for the purpose of concealing identity while engaging in inappropriate behavior, and other actions which disrupt normal University functions, activities, and processes. Additionally, disruptive behavior may occur on or off-campus by participating in disturbances that obstructs vehicle traffic or sidewalk egress in an unauthorized manner, interferes with public safety personnel in the performance of essential functions, or activities that may substantially harm the institutional reputation of the University. Lastly, students found to knowingly aid, facilitate, promote, or encourage the commission of a policy violation by another person may be found in violation of this standard.

- (a) A faculty member may require a student to leave the classroom when their behavior disrupts the learning environment of the class in accordance with the Faculty Handbook policy. A student found responsible for disruptive behavior in the classroom may be administratively withdrawn from the course by the Dean of the College.

8. Discriminatory Conduct

Acts of discrimination or violence directed against individuals, groups, or institutions because of race, color, ethnicity, national origin, religion, age, disability, sex, sexual orientation, marital status, pregnancy, veteran status, or gender identity or expression, or other legally protected characteristics will not be tolerated by Frostburg State University.

9. Violence to Persons/Physical or Verbal Assault

The University will not tolerate acts of violence to other persons by individuals or groups. Acts of violence for the purposes of this section include assault, battery, and/or actions in reckless disregard of human life and safety. Students found responsible for violence to persons involving serious physical injury may be subject to a recommendation of suspension or expulsion from the University.

- (a) Battery includes the unauthorized touching of another person.
- (b) Physical Assault includes physical acts which place a person in personal fear or which have the effect of harassing or intimidating a person.
- (c) Verbal/Written Assault includes verbal or written acts, including social media sites, which place a person in personal fear or which have the effect of harassing or intimidating a person.

10. Theft, Destruction and/or Abuse of Property

The University will hold individuals or groups responsible for intentional or negligent acts involving completed or attempted damage to, abuse of, or theft of University or private property. The term “theft” includes, but is not limited to, any act of shoplifting of University property whereby a person removes, possesses, conceals, alters the price tags or labels on, tampers with containers of, or otherwise appropriates goods or merchandise without authorization or proper payment. For the purposes of this section, property offenses include, but are not limited to,

- (a) malicious destruction, defacement, damage or misuse of University property or of private or public property;
- (b) misuse of any University issued property, e.g., ID cards, meal tickets, athletic equipment, etc.;
- (c) littering on campus and/or on private property; and
- (d) illegal parking or obstructing traffic on University property or on private property.

Individuals or groups found responsible for theft, destruction or abuse of property may be required to make just restitution for the loss or damage in addition to other sanctions which may be imposed.

11. Possession or Use of Weapons and Explosives

Possession of firearms or potentially dangerous weapons, including explosive or combustibles are not permitted on University property unless they have been properly registered and secured with University Police. Any potentially dangerous weapon including, but not limited to, a rifle, shotgun, pistol, hunting knife, bowie knife, martial arts weapons, crossbow, swords, and live ammunition, must be registered and deposited with University Police. Fireworks are considered explosive devices and are not permitted on campus except when approved by the University administration for use during official functions. Weapons such as a dirk knife, switchblade knives, and club, blackjack, metal knuckles, straight razor, paintball guns, pellet gun, BB gun, air-soft gun, or any weapon considered illegal by the state of Maryland are also not permitted on campus. Ordinary pen knives or folding pocket knives are permitted with blades not to exceed 3 inches. At no time may the weapon be kept any place on campus other than with University Police in accordance with the Weapon Registration Policy. Weapons checked out must be returned to the University Police Office immediately upon the weapon being returned to campus. Any object employed in a violent or threatening manner may be considered as "use of a weapon." Students found responsible for possession or use of weapons or explosives may be subject to removal from the residence hall and/or suspension or expulsion from the University.

12. Violation of Campus Safety Regulations

The University and the state of Maryland prohibit the tampering with, removal of, setting off of or damage to fire equipment or alarm systems in any University building when no fire or immediate danger of fire exists. Violations of other campus safety regulations are also prohibited by this section. These include, but are not limited to,

- (a) setting unauthorized fires;
- (b) turning in false fire alarms or reporting the false presence of explosive devices; and
- (c) failure to properly evacuate a building during a fire drill.

Violators are subject to removal from the residence hall and to suspension

and/or expulsion from the University, and/or referral to the criminal court system.

13. Hazing

The University considers hazing, as defined below, to be indefensible and contrary to the interests of the University community. Hazing is defined, for purposes of this section, as

- (1) any activity or action which subtly, flagrantly or deliberately demeans, embarrasses, threatens, invites ridicule or draws inappropriate or negative attention to a member, and/or an attitude which implies one member is superior to another or that initiation must be earned through personal services or meaningless activities for initiated members; and/or
- (2) actions which result in the impairment of academic performance or of the proper fulfillment of obligations to University sponsored groups; and/or
- (3) retaliation or threats of retaliation against persons reporting acts prohibited by this section. Any violation of the University's Hazing Policy will be considered a violation of this section.

14. Entry of Restricted Areas

Unauthorized entry or attempted entry of students into University buildings, rooms, or facilities, including residence halls during hours when such buildings, rooms or facilities are locked or closed or posted restricted access to the student body and the public, is prohibited. Failure or refusal to leave a University facility during or after normal operating hours, after being reasonably requested to do so by authorized University personnel, is similarly prohibited. For the purposes of this section, such a request would be reasonable if the surrounding circumstances indicate that the person has no lawful business to pursue in the facility or is acting in a manner which is disruptive or disturbing to the normal educational functions of the University. Allowing access to restricted areas to unauthorized individuals would also constitute a violation of this policy. Additionally, this policy pertains to Persona Non-Grata (PNG) sanctions that instruct students they may not enter certain areas.

15. Ignoring or Refusing a Reasonable Request of Authorized University Personnel

The University and the state of Maryland require that any individual or group comply with a reasonable request from authorized University personnel in the performance of their official duties. Upon request, students must show proper identification or meet with authorized personnel regarding matters pertaining to student safety, conduct, health, and well-being. Additionally, this policy covers situations where students are required to complete mandatory University training modules, or when the student must comply with state, local, and University public health mandates.

16. Violations of Public Laws

The University reserves the right to take appropriate or protective action against students convicted of violations of public laws on and off campus, including local, state, and federal laws.

17. Misconduct of Registered Student Groups

The University reserves the right to take action against a student group for conduct prohibited by the University Standards of Personal and Group Conduct. Such acts of misconduct by students engaged in organized activities of registered student groups, whether committed on or off campus, are subject to student conduct proceedings. An “organized activity” is any activity which is conducted under the auspices, sponsorship, or supervision of a registered student group.

18. Off-Campus Student Behavior

The University reserves the right to take appropriate action and/or initiate conduct proceedings when behavior of an individual or individuals presents a danger to the health, safety, and well-being of others in the community.

Students are expected to conduct themselves in a manner that demonstrates their respect for the rights of others. Also, individuals engaging in activities off campus have a responsibility to conduct such activities within the laws and ordinances of the community.

Additionally, students are expected to avoid behaviors that disrupt neighbors, create unruly gatherings, or negatively impact the reputation of the University.

Students hosting parties at off-campus locations are responsible for the size of the event and activities that occur at the property. Conduct that may result in policy violations include:

- (a) overrun occupancy or capacity of the dwelling or property;
- (b) noise complaints;
- (c) littering;
- (d) public urination;
- (e) unmonitored open-source alcohol containers that result in dangerous levels of intoxication by guests;
- (f) underage consumption of alcohol;
- (g) open container violations;
- (h) blocking vehicle traffic or sidewalk egress;
- (i) disorderly conduct;
- (j) physical assaults;
- (k) illegal substance abuse behaviors.

19. Serious Criminal Offenses

Students accused of serious criminal offenses occurring on or off campus shall be subject to University action through the Student Code of Conduct, including interim suspension, pending a prompt hearing. Serious criminal offenses shall include behavior which (a) is defined as a

felony under Maryland law, and (b) indicates that the student constitutes a substantial danger to the safety or property of the University or members of the campus community. The University reserves the right to take action through its Student Conduct System prior to the disposition of any action that may result from criminal proceedings.

20. Regulations Concerning Conduct within the Residence Halls

Successful group living, such as that experienced in the University residence halls, can be achieved only through cooperative effort on the part of each individual who composes the group. It is important that each person is aware of their own rights and respects the rights and privileges of others.

Each member of the residence community should be prepared to conduct themselves at all times in such a manner as not to infringe upon those rights. Students violating residence hall policies will be subject to University action. Violations of the following policies can result in the cancellation of one's housing contract or the non-renewal of one's contract for the next year or semester. The Residence Life Office may hold a panel or administrative hearing prior to canceling one's contract and the resident may be requested to "show- cause" why the contract should not be canceled. However, violations which endanger the health and safety of the residents or themselves, which cause serious physical damage to the facilities, or are disruptive to the study atmosphere, will be dealt with promptly through administrative procedures and may result in removal from housing, pending a student conduct hearing. Such an interim suspension and/or loss of privileges, including removal from housing, is to become immediately effective without prior notice, whenever there is evidence that continued presence of the student or student organization on the University campus poses a substantial threat to themselves or to others, or to the stability and continuance of normal University functions. Continued violation of less serious policies may result in a contract review. Students not living in residence halls will also be expected to abide by these guidelines when visiting in the residence halls. Please see Residence Hall Guide for further policies and clarifications: <https://www.frostburg.edu/student-life/residence-life/residence-life-office/fsu-res-hall-guide-2018-19.pdf>

- a. **Fire Safety Equipment:** Tampering with fire extinguishers, fire alarms, smoke detectors, sprinkler systems, or any type of fire safety equipment is strictly prohibited when no fire or immediate danger exists. Violators may be subject to removal from the residence hall, suspension or expulsion, and/or referral to the criminal court system.
- b. **Weapons:** Firearms, ammunition, fireworks, dangerous weapons, explosive substances or other illegal contraband in the residence halls are strictly prohibited. All weapons (other than ordinary folding pen or pocket knives with blades not to exceed 3 inches), including firearms, bows and arrows, knives, nun-chucks, pellet guns, BB guns, paintball guns, air-soft guns etc. must be registered and kept with

University Police and must not be cleaned in student rooms or any area of the residence hall. Students found responsible for possession or use of weapons or explosives may be subject to removal from the residence hall and/or suspension or expulsion from the University.

- c. **Room Alterations:** Alterations to the residence hall rooms, (including, but not limited to electrical wiring, attaching hardware to walls, ceilings or doors, constructing platform beds, waterbeds, ceiling fans or painting rooms), are not authorized except in accordance with University policy as issued by the Residence Life Office.
- d. **Fire Safety:** Student rooms are part of a larger community and steps are taken to protect the safety of all students in the community. Students should not have open flames, burn incense, or conduct themselves in such a manner as to increase the risk of fires in the residence halls. Student rooms and egress should allow easy egress and doors should not be tampered with or propped open. Failure to leave the building during a fire alarm is considered a violation of the Fire Safety Policy.
- e. **Alcohol:** Students under the age of 21 are not permitted to possess or consume alcohol. Students 21 years of age are not to consume alcohol in any room in the presence of any students under the age of 21 (with the exception of an underage roommate). Consumption of alcohol in any other area of the residence hall (lounges, study rooms, TV lounges, cluster halls, baths, etc.) is strictly prohibited. Kegs and/or keg parties, or common-source alcohol containers are not permitted in any residence hall area, including individual rooms. Beer kegs, empty kegs, games designed to facilitate drinking, or any device used to assist with accelerating or increasing alcohol consumption are not permitted on campus. Alcoholic beverages shall not be brought into the residence hall by guests or visitors (see Substance Abuse Policy on page 53).
- f. **Drugs/Drug Paraphernalia:** The use, possession and/or sale of illegal drugs and/or drug paraphernalia of any kind, other than those used under the direction of a physician by the individual prescribed, and in accordance with the Drug-Free Schools and Communities Act (1989), are strictly prohibited. Violators may be referred to University Police and/or local authorities and may be subject to a recommended sanction of suspension or expulsion from the University (see Substance Abuse Policy on page 53).
- g. **Public Disturbances:** An atmosphere conducive to normal living and study must be maintained 24 hours a day in the residence halls. As always, respect for the rights and freedoms of other residents should be the basic guideline for behavior. Minimum guidelines will be established by the Residence Life Office. Each hall, wing, cluster or section may further restrict quiet hours for their area and are to take responsibility for enforcing these hours. Radios, stereos and TV sets must be played discreetly at all times. Stereo speakers are not to be played out windows. Musical instruments are not to be practiced in the residence halls. Hall sports are prohibited. Excessive noise or

other public nuisances created or permitted by residents is strictly prohibited. Conduct shall be deemed such a nuisance if it penetrates into the room or cluster areas of other residents, unwillingly subjecting them to an unreasonable disturbance or inconvenience. Snowball fights, spraying water guns, shaving cream battles, etc. shall be considered public disturbances and shall be handled as such.

- h. Refusing a Reasonable Request:** University officials, including Residence Life staff, have the authority to enter a student's room. Upon request, students must show proper identification. This authority may be exercised in the interest of student safety, the protection of University property, or when a violation of University policy is occurring. A resident's refusal to open their room when requested or show proper identification by a staff member under these circumstances is considered a failure to comply with a reasonable request of a University official and such refusal may subject the student to discipline.
- i. Entrance/Exit:** All residence halls are secured 24 hours a day. Residents are required to carry their student ID at all times in order to gain access to their hall. Only doors with card access are to be used to enter the hall. Student ID cards may not be shared with others for the purpose of building access. For the safety of all residents, locked exterior doors may not be propped or otherwise disabled.
- j. Guest and Visitor Policy:** A guest is defined as a non-FSU student while a visitor is a currently-enrolled Frostburg State University student. Prior consent of one's roommate is required for overnight guests on each occasion of the guest's visits. Overnight guests may visit for periods of no longer than two (2) consecutive nights, and for no more than a total of ten (10) nights in a semester, unless special permission is given by the Director of Residence Life or their designee. Visitation by other currently-enrolled Frostburg State University students is based upon mutual agreement of the occupants of the room. Residential students are responsible for the conduct of their guests/visitors and may reasonably be held accountable under this Code for such conduct. Guests and visitors must be escorted by their hosts at all times within the residence halls.
- k. Smoking:** FSU is a smoke free campus. Smoking, including use of electronic cigarettes and vaporizers, is prohibited in all residence halls, including student rooms, public areas and entryways.
- l. Gambling:** Illegal gambling is prohibited within the residence halls.
- m. Solicitation and sales** of any service or product door to door in a residence hall or by way of the University telephone or internet system is strictly prohibited. Solicitation and sales by registered student organizations of any service or product in the lobby of a residence hall must have approval of the Residence Life Office at least two (2) school days in advance of the sale. Commercial sales will not be allowed from individual student rooms or other areas within the residence halls. Anyone interested in selling within the residence halls must come to

the Residence Life Office to receive information about complying with the sales policy. The residents may not use the residence hall rooms or residence hall telephone numbers or e-mail accounts as a place of business or for purposes of solicitations or any purpose other than as a residence. Advertisement, sale or solicitation of alcoholic beverages is not allowed in the residence halls or student mailboxes and, therefore, will not be approved.

- n. Residential Belongings:** No student shall take any University owned furnishings/equipment out of the room assigned to them or move any of the equipment out of its designated area. Furnishings assigned to public areas within the hall are for use by all residents and should not be moved into individual rooms or shifted from one hall to another. Such removal will be considered to be an act of theft.
- o. Roofs/Windows:** Students are not permitted on the roof of any residence hall. Nothing, including trash should be thrown or dropped from the windows. Screens are not to be unscrewed or removed from windows. Windows are not to be used as means of entrance or exit to a room. Students are not permitted to sit in windows at any time.
- p. Pets:** Except for animals approved by the University's Office for Disability Services, pets, including but not limited to dogs, cats, rabbits, rodents, and reptiles, are prohibited from all residence halls. Fish are allowed (in maximum 10 gallon tank), but must be taken home over semester breaks. The University will not be held responsible for the safety of fish in the event of electrical power failures.
- q. Electrical Equipment:** Personal electrical equipment will be limited to small appliances without open coils. Cooking units for use in individual rooms are prohibited (such as additional microwaves, toaster ovens, hot plates, etc.). A free- standing microwave/refrigerator unit is provided in each room.
- r. Air Conditioners/Heaters/Dehumidifiers:** Air conditioning is provided in Cambridge, Frederick and Westminster Halls and designated lobbies in other halls. Personal air conditioners are not permitted in any residence hall rooms. Space heaters and dehumidifiers are also prohibited.
- s. Other Residence Hall Policies:** At certain times violations of residence hall policies and regulations may occur which appear in other official publications of the University. In such cases, a specific reference to those policies, guidelines or regulations will be made.
- t. Room Inspections:** Student living spaces must remain in compliance of all health and safety standards as outlined in the Residence Hall Guide, and include possession and/or use of prohibited items in the residence halls.

Such conduct may include: explicit or implicit threats, including gestures or actions which place a person in reasonable fear of unwelcome physical contact, harm or death; following a person about in a public place or to or from their residence; making remarks in a public place to a specific person which are by common usage lewd, obscene, expose a person to public hatred or that can reasonably be expected to have a tendency to cause acts of violence by the person to whom the remark is addressed; or communicating by voice or graphic means or electronic formats including social media site postings or making a telephone call or text anonymously whether or not a conversation ensues.

23. Violating the Terms of a Sanction

Violating the terms of any University sanction imposed in accordance with this Code. The University expects students to accept responsibility and the consequences for their decisions and behavior. Students who do not complete or abide by an imposed sanction will be subject to additional sanctions. This also includes failure to comply with any voluntary resolution agreements entered into with the Office of Gender Equity.

24. Gambling

Illegal gambling is prohibited throughout the campus.

25. Other

At certain times violations of University policies and regulations may occur which appear in other official publications of the University. In such cases, a specific reference to those policies, guidelines or regulations must be made.

26. Discrimination

Frostburg State University is committed to maintaining a community where the rights of others are respected. Copies of the University's Allegation of Discrimination/Harassment Procedures may be obtained from the Office of AA/EEO. For specific information about the University's policies regarding discrimination, see the "Non-Discrimination/Equal Opportunity" and under General University Policies.

Allegations of discrimination based on gender, sexual orientation, gender identity or expression are handled under the University's Procedures for Investigating and Resolving Reports of Prohibited Conduct under the Gender-Based Harassment and Violence Policy.

27. Event-Related Misconduct

"Event-related misconduct" is rioting, assault, theft, vandalism, fire setting or other misconduct related to an institution-sponsored event occurring on- or off-campus, that results in harm to persons or property or otherwise poses a threat to the stability of the campus or campus community.

Students found responsible for event-related misconduct will be subject to a recommendation of suspension or expulsion from the University. Any decision to impose a sanction less than suspension or expulsion must be supported by written findings signed by the institution's chief student affairs officer. A record of any suspension or expulsion under this policy shall be noted on the student's transcript.

A student suspended under this policy shall not be admitted to any other institution in the System during the term of the suspension. A student expelled under this policy shall not be admitted to any other institution in the System for at least one year from the effective date of the expulsion.

28. FSU is a smoke free campus.

Smoking is prohibited on all University grounds including property owned, leased, or otherwise operated by FSU.

29. Personal Transportation Devices

Skateboarding is not permitted on the campus of Frostburg State University. Skateboards include penny-boards, longboards, or the like regardless of brand or type. Bicycles may not be ridden on sidewalks on campus in accordance with Frostburg City Ordinance. Hover-boards, self-balancing scooters, electric skateboards, or the like may not be ridden or stored on University property. This policy is necessitated by the concern for the safety of individuals and damages to University facilities.

Sanctions

One or more of the following sanctions may be imposed for violations of the University Standards of Personal and Group Conduct. A student conduct administrator or hearing panel may take into consideration several factors when determining an appropriate sanction. Such factors to be considered shall be the present demeanor and past student conduct record of the student, as well as the nature of the offense and the severity of any damage, injury or harm resulting from it.

1. Expulsion

The hearing board or student conduct administrator may recommend expulsion to the Senior Associate Vice President for Student Affairs. The Senior Associate Vice President for Student Affairs will affirm or reduce the sanction but will not eliminate the sanction. Expulsion constitutes permanent separation of the student from this University. Any student who is expelled shall not be entitled to any tuition or fee refund. Violations relating to academic dishonesty will be reviewed by the Provost.

2. Suspension

The student conduct administrator or hearing board may recommend suspension to the Senior Associate Vice President for Student Affairs. In some cases, student respondents accepting responsibility may request an administrative hearing from the Dean of Students in lieu of attending a hearing panel. The Senior Associate Vice President for Student Affairs will affirm or reduce the sanction, but not eliminate the sanction.

Suspension involves separation of the student from the University for a specified period of time. The student may also be barred from University premises during the period of suspension. Violations relating to academic dishonesty will be reviewed by the Provost.

3. Disciplinary Probation

Disciplinary probation is imposed for a specified period of time. The student on disciplinary probation may be subjected to additional restrictions or obligations during the probationary period. For example, in appropriate instances, students may be required to consult with staff members of Counseling & Psychological Services and the Residence Life Office. A sanction of suspension or expulsion will be strongly considered for any student who is found responsible of violating the University Standards of Personal and Group Conduct while on disciplinary probation.

4. Disciplinary Reprimand

Disciplinary reprimand involves formal written warning to the student or student organization that further misconduct may result in more severe disciplinary action.

5. Organizational Dissolution

Organizational dissolution is a sanction imposed only upon student organizations found responsible of serious and/or repeated violations of these standards. The sanction involves permanent withdrawal of recognition by the University, denial of the use of University facilities or funds, and official dissolution of the organization on the campus.

6. Restitution

Restitution may be imposed on students whose violation of these standards has involved monetary loss or damage. Restitution as imposed by the student conduct administrator or hearing board becomes a financial obligation to the University and either full payment or an agreement for partial payment according to a schedule agreed to by the Student Conduct Administrator is required before the student may register for classes again, or in the case of seniors, before the student may graduate.

7. Cancellation of Housing Contract

The hearing board has the option of cancelling a student's housing contract if the seriousness of the violation warrants such action. Any student who has their housing contract canceled shall not be entitled to any housing deposit or fee refund.

8. Suspension of Group

Suspension shall consist of the withdrawal of an organization's recognition by the University for a stated period of time when an organization is found to have violated regulations. Suspension shall result in complete suspension of the activities of the group during the stated period of time and may also include conditions for removal of suspension.

9. Other Sanctions

Sanctions other than those described above may be imposed for violations of these standards according to the judgment of student conduct administrators and, where applicable, the appropriate vice president. For example, cases of academic dishonesty may lead to vacating of grades or extra work assignments. In other instances, student's participation in extracurricular or athletic activities may be limited. In response to other violations, the student conduct administrator or hearing board may impose constructive work assignments, community service, educational conferences, referral to educational programs (e.g., Alcohol Education Program), fines, issue No Contact Orders or Persona Non Grata's (prohibiting students from entering certain areas of campus property), or other appropriate sanctions.

Interim Suspension/Show Cause Hearings

An interim suspension and/or loss of privileges may be imposed upon a student or student organization. The Dean of Students or a designee may suspend a student or student organization for an interim period pending student conduct proceedings or medical evaluation. The University shall give the accused student a "show cause" hearing to provide the student with the opportunity to demonstrate why the interim action should not take place or remain in effect. Such an interim suspension and/or loss of privileges, including removal from housing, is to become immediately effective without prior notice, whenever there is information that the continued presence of the student or student organization on the University campus poses a substantial threat to themselves or to others, or to the stability and continuance of normal University functions.

Referrals

Any person (faculty, staff, student, or law enforcement officer) may refer in a timely manner a student or a student organization suspected of violating this Code to the Office of Student Affairs. Persons making such referrals are required to provide information pertinent to the case and will normally be expected to appear at a student conduct hearing.

Student Conduct Administrators

The responsibility for administering the Student Conduct System rests with the Office of Student Affairs. The responsibilities of this office include:

1. Determination of the disciplinary violations to be filed pursuant to this code.
2. Interviewing and advising parties involved in student conduct proceedings.
3. Supervising, training, and advising all student conduct panels.
4. Coordinating the selection of the panel members.
5. Maintaining all student conduct records.
6. Developing procedures for conflict resolution when appropriate.
7. Providing follow-up for any sanctions issued.

8. Conducting an annual review and evaluation of the Student Conduct System.
9. Submission of an annual report which includes the referrals to the University Student Conduct System and a summary of sanctions imposed.

The Dean of Students will review referrals to determine whether the case should be resolved by a hearing before the appropriate student conduct board or through a conference.

The University reserves the right to determine the most appropriate method to resolve alleged violations of the Code of Conduct. Such methods may include panels, administrative hearings, conferences, or mediation.

Hearing Panels

Hearings may be held before the following panels:

Hearing Panels are established by the Office of Student Affairs. The campus hearing panel is composed of a campus hearing officer and 2-4 other persons. The campus hearing officer is responsible for chairing the hearing panel. The other persons on the hearing panel will serve on a rotating basis from a pool composed of students, faculty members and administrators.

Ad Hoc Panels may be appointed by the Student Conduct Administrator when a hearing panel is unable to hear a case. Each ad hoc panel shall be composed of 3-5 members.

The Appellate Panel hears appeals from the hearing panels and ad hoc panels, in accordance with the provisions of this Code. The appellate panel is ordinarily composed of three to five individuals selected from a pool of students, faculty, and administrators.

Selection and Removal of Panel Members

Members of various student conduct panels are selected in accordance with procedures developed by the Dean of Students.

Prior to participating in panel deliberations, new members of all student conduct panels will participate in an orientation session.

Student members of any student conduct panel who are charged with any violation of this Code or with an offense may be removed from their student conduct positions by the Dean of Students while charges are pending against them. Students found responsible for any such violation or offense may be disqualified from any further participation in the University Student Conduct System by the University.

Administrative Hearings/Student Conduct Conference

Administrative hearings may be conducted by a Student Conduct Administrator or a designee to resolve alleged violations of the University Standards of Personal and Group Conduct.

Students referred to a student conduct panel hearing may request instead to have their case resolved by an administrative hearing if they are responsible for the violations. The administrative hearing officer has the ability to impose any appropriate sanction as outlined in the Policy Statements, including recommendation from an administrative suspension from the University.

Students subject to or requesting to participate in an administrative hearing are accorded the following procedural protections:

- a. Written notice of charges at least three class days prior to the scheduled conference. This will be provided to the student through their University provided e-mail account (username@frostburg.edu). Students are required to check their University e-mail and respond to it regularly. Failure to check e-mail does not constitute failure to receive proper notice.
- b. An opportunity to respond to the information against them.

Students who fail to appear for an administrative hearing after proper notice will be deemed to have pleaded responsible to the charges pending against them.

A student conduct conference is less formal in nature and focuses on corrective resolution of behavior or problems when a hearing is not deemed necessary. A student conduct conference will not always result in a referral through the Student Conduct System.

Mediation

A Student Conduct Administrator may elect to resolve student conflict through mediation, except in cases involving sexual violence, where mediation shall not be an option. A mediation agreement may be arranged between two students or the student and the University to resolve a violation of the Code of Conduct where the behavior in question is not contested and constructive action can resolve and prevent future conflict. Violations of a mediated agreement will result in a student record and student conduct proceedings. Violation of or failure to fulfill a mediated agreement will result in a student conduct record and possible student conduct referral. Prior to a mediated agreement, parties may end the mediation process at which time formal hearing procedures will begin.

Hearing Procedures

The dynamics of a student conduct hearing in a University setting are not the same as those of a courtroom. Strict adherence to the conventions of courtroom advocacy may not be in the best interest of students in University student conduct proceedings.

The presiding officer of the panel and the Student Conduct Administrator are authorized to take reasonable measures to maintain control over the proceedings in order to elicit relevant facts, to prevent the harassment of participants, to ensure that proceedings are not disrupted, and that the interests of fairness are served. This may include regulating the timing, length and manner of

presentations and objections, declaring recesses in the proceedings, and other appropriate actions. Bookbags, backpacks and cell phones are not permitted during hearings, and complainant or responding students may not make recordings of the proceedings.

The following procedural guidelines shall be applicable in student conduct hearings:

1. Students shall be given a copy of the Violation Report/Incident Report, which shall include the specific violations against them and a description of the alleged actions. Students shall also receive notice of the hearing date, time and location. Students shall receive this notification at least three (3) class days in advance. The notification will be sent to their University provided e-mail account (username@frostburg.edu). NOTE: If an incident happens during the last week of school or during final examinations, the student may not receive a 3-class day notice of hearing. Every opportunity will be taken to advise the student of the hearing as soon as possible.
2. The hearing will provide the student(s) accused of policy violations and the person(s) making the referral with an opportunity to present testimony and witnesses or witness statements on their own behalf. Both parties also shall have the right to hear and challenge adverse testimony or witnesses thru the panel. Witness statements shall be provided in a reasonable time prior to the hearing to allow both parties to review and challenge witness statements. Witness statements are to be used only in situations determined by the hearing administrator.
3. A hearing will be held following proper notice to the student(s) and a decision will be reached regardless of whether all affected parties are present.
4. Withdrawal from the University after a violation report has been filed does not excuse the student from the hearing. Students who fail to appear after proper notice may be deemed to have pleaded responsible to the charges pending against them.
5. Hearings will be closed to the public. An open hearing may be held, at the discretion of the Student Conduct Administrator, with the agreement of the person making the referral, the victim, and the student being referred. Hearings are considered confidential.
6. The chairperson of the hearing panel shall exercise control over the hearing to avoid needless consumption of time, to maintain order, and to prevent the harassment or intimidation of witnesses. Any person who disrupts a hearing or who fails to adhere to the rulings of the chairperson of the hearing panel may be excluded from the hearing.
7. Hearings may be recorded or transcribed by a student conduct administrator. Any recordings or verbatim transcripts of matters arising under this system shall be retained in the custody of the Student Conduct Administrator for a minimum of five working days

or until after the appeal has been heard, if one has been granted. If a recording or transcript is not made, the decision of the hearing panel must include a summary of the testimony and shall be sufficiently detailed to permit appropriate review of all essential matters in the event that an appeal is filed. Involved parties may review the recording of a hearing after written request to the Office of Student Affairs.

8. Prior to the hearing, any party to a case may present a challenge to the Student Conduct Administrator of a member on the hearing panel on the grounds of personal bias. Panel members may be disqualified upon determination by the Student Conduct Administrator that a disqualifying factor exists.
9. Witnesses shall be asked to affirm that their testimony is truthful and students may be subject to charges of falsification of information under this Code.
10. Prospective witnesses may be excluded from the hearing during the testimony of other witnesses. All parties, the witnesses, and the public shall be excluded during panel deliberation.
11. It must be established that it is more likely than not that the referred student has violated the University Standards of Personal and Group Conduct.
12. Formal rules of evidence applicable in courts of law shall not govern student conduct proceedings under this system. The Student Conduct Administrator may consider the rules of confidentiality and privilege, but shall otherwise admit all relevant matters as information which reasonable persons would accept as having value in the conduct of their personal affairs. Unduly repetitious or irrelevant testimony may be excluded.
13. The student(s) charged and the person(s) making the referral have an opportunity to question all witnesses through the student conduct panel.
14. In considering testimony, panel members may consider matters which fall within general experience and which have relevance to the matters under consideration.
15. Students referred for violations of the University Standards of Personal and Group Conduct will ordinarily be provided a hearing within twenty (20) class days of the violation report being filed.
16. Students are expected to represent themselves at the hearing. Advisors may be utilized to support students. An advisor may sit with the student they are supporting and consult with them, but may not address the panel or other individuals present or create any disruption to the hearing. Only one advisor per student is permitted in the hearing.
17. Legal counsel of the student referred, the person making the referral, victim, or witnesses is permitted to attend the hearings. Legal counsel may be the student's choice of advisor (see procedure 16), and follow

the stipulations therein. The Student Conduct Administrator may appoint a special presiding officer to any panel in any case in which the student is represented by an attorney. Special presiding officers may participate in panel deliberations, but shall not vote.

18. If a student has been found responsible for violating the University Standards of Personal and Group Conduct, there shall be an additional phase of the hearing in which either party may make statements concerning the impact of the violation and/or the appropriate sanction to be imposed. During this sanctioning phase, the referred student may present character references or statements to testify in their behalf. Such testimony is limited to the referred student's background and character, rather than the incident in which the student was involved. The past student conduct record of the student shall not be supplied to the panel by the Student Conduct Administrator prior to the sanctioning phase. All such testimony is heard prior to the deliberation on a sanction. The sanctioning phase shall ordinarily take place immediately following the panel's determination that a violation has occurred.
19. Final decisions of all student conduct panels shall be by majority vote of the members present and voting. A tie vote will result in a student being found not responsible of violating University regulations. A tie vote in an appellate proceeding will result in an affirmation of the original decision.
20. A written decision shall be sent to the referred student by e-mail within a reasonable time. Copies shall be maintained in the Office of Student Affairs.
21. Student conduct actions may be noted on a student's transcript in those instances when a student has been expelled or when a student has been suspended for academic dishonesty or event related misconduct.
22. The use of technology such as telephone, conference call or video conferences may be used at the request of the involved parties. Such requests must be approved by the Conduct Administrator and, if approved, will be provided as an option to all parties involved.
23. The Office of Student Affairs will inform the alleged victim of a crime of violence, sexual violence, or non-forcible sex offense, the results of any disciplinary hearing conducted by the institution against a student who is the alleged perpetrator of the crime or offense. If the alleged victim is deceased as a result of the crime or offense, the results of the disciplinary hearing will be provided to the victim's next of kin.
24. Counter complaints will only be addressed after adjudication of current cases. Counter complaints deemed to be retributive in nature may result in additional conduct action against the student filing it.

Appeals

Requests for appeals must be submitted to the Office of Student Affairs within five class days from the date of the original decision. Failure to appeal within the allotted time will render the original decision final and conclusive. The request for an appeal should be thorough and specifically present information that supports the grounds for an appeal. The written request shall be based upon either one of the following:

- a. Specified procedural errors or errors in interpretation of University regulations were so substantial as to effectively deny the student a fair hearing.
- b. New and significant information became available which could not have been discovered by a properly diligent student before or during the original hearing.

In the absence of extraordinary or mitigating circumstances, which shall be judged by the Student Conduct Administrator, the severity of the sanction imposed by the hearing panel shall not constitute grounds for appellate review. All requests for appeals shall be reviewed by the Office of Student Affairs, who shall notify, in writing, all parties (referring party, referred party, and victims) involved of the results of that review. If the request for an appeal is denied, the original decision becomes final. If an appeal is granted, all parties involved shall be informed, in writing, that a review of the original decision is being conducted by an appellate panel. A written statement for the appellate review must be submitted to the Office of Student Affairs within five business days from the date of the letter notifying the student that an appeal has been granted. Failure to submit a written statement within the allotted time will render the decision of the original board final and conclusive.

Appeals shall be decided upon the record of the original proceeding and upon written statements submitted by the parties. Completely new hearings shall not be conducted by the appellate panel.

Appellate panels may:

- a. Affirm the finding and the sanction imposed by the original panel.
- b. Affirm the finding and reduce, but not eliminate, the sanction.
- c. Refer the case to a new student conduct panel.
- d. Dismiss the case. Cases may be dismissed only if the finding is held to be arbitrary and capricious.

Ordinarily, cases will be referred to a new student conduct panel only in those instances in which the appeal has been granted because of new and significant evidence.

Decisions of the appellate panel which include sanctions of suspension or expulsion shall be recommendations to the Vice President for Student Affairs. The Vice President for Student Affairs (or designee) may reduce but not eliminate sanctions.

Decisions altering the determinations of all hearing panels shall be in writing.

The imposition of sanctions will normally be deferred while appellate proceedings are pending at the discretion of the Student Conduct Administrator.

Cases involving academic dishonesty shall be reviewed by or appealed to the Provost/ Vice President for Academic Affairs.

Student Conduct Files and Records

Referrals will result in the development of a student conduct file in the name of the referred student. The files are retained in the Office of the Vice President for Student Affairs. Files will be retained for five calendar years from the last date of attendance. Student conduct records of cases resulting in suspension, expulsion, or organizational dissolution may be retained for longer periods of time or permanently at the discretion of the Vice President for Student Affairs. Conduct files are considered educational records and are protected by FERPA.

Student Groups and Organizations

Student groups and organizations may be charged with violations of this Code.

A student group or organization and its officers may be held collectively or individually responsible when violations of this Code by those associated with the group or organization have received the tacit or overt consent or encouragement of the group or organization or of the group's or organization's leaders, officers, or spokespersons.

Punishment of one or several individuals for the acts of others should be avoided if the identities of the specific offenders can be readily ascertained. Association does not require formal membership. An individual, who might reasonably be regarded as a regular participant in group or organization activities, may be held to be associated with the group or organization.

The officers or leaders or any identifiable spokespersons for a student group or organization may be directed by the Vice President for Student Affairs or a designee to take appropriate action designed to prevent or end violations of this Code by the group or organization or by any persons associated with the group or organization who can reasonably be said to be acting in the group's or organization's behalf. Failure to make reasonable efforts to comply with the vice president's directive shall be considered a violation of this Code, specifically "Ignoring or Refusing a Reasonable Request of Authorized University Personnel," both by the officers, leaders or spokespersons for the group or organization and by the group or organization itself.

Sanctions for group or organization misconduct may include revocation or denial of recognition or registration, as well as other appropriate sanctions outlined in this Code.

Hazing is defined by the Frostburg State University Student Conduct System as “any activity or action which subtly, flagrantly or deliberately demeans, embarrasses, threatens, invites ridicule or draws inappropriate or negative attention to a member, and/or an attitude which implies one member is superior to another, or that initiation must be earned through personal services or meaningless activities for initiated members. Furthermore, hazing may consist of actions which result in the impairment of academic performance or of the proper fulfillment of obligations to University sponsored groups or activities.” Implied or expressed consent of a student to hazing may not be used as a defense.

Actions and activities which are explicitly prohibited include, but are not limited to, the following:

1. Any activity that might reasonably bring physical harm to the individual.
2. Paddling, beating or otherwise permitting members to hit pledges.
3. Requiring pledges/new members to wear degrading or uncomfortable garments.

10. Morally degrading or humiliating games or any other activity that make an individual the object of amusement, ridicule, or intimidation.

12. Subjecting an individual to cruel and unusual psychological conditions for any reason.
13. Any requirement which compels an individual to participate in any activity which is illegal, perverse, publicly indecent, contrary to the individual’s genuine morals and/or beliefs, e.g., public profanity, indecent or lewd conduct, or sexual gestures in public.

Frostburg State University has unconditionally opposed any situation created intentionally to produce mental and physical discomfort, embarrassment or ridicule.

Substance Abuse Policy

Frostburg State University is committed to the pursuit and dissemination of knowledge and, as such, expects all members of the academic community to behave in a manner conducive to that end. Illegal or abusive use of drugs or alcohol by members of the University community severely limits their educational and human potential as well as their ability to achieve educational, career and personal goals. In addition, illegal or abusive use of drugs or alcohol jeopardizes the safety of the individual and the University community, and adversely affects the mission of the University. Frostburg State University is therefore committed to having a campus that is free of the illegal or abusive use of drugs and alcohol. Toward that end, it is the policy of the University that the illegal or abusive use of drugs or alcohol by students is prohibited on University property or as a part of any University activity whether on or off campus.

In accordance with the University's responsibilities under the federal *Drug-Free Schools and Communities Act Amendments of 1989* the University provides the following information to its students.

Policy on Substance Abuse Education

In accordance with the federal *Drug-Free Schools and Communities Act Amendments of 1989 (EDGAR 86)* and the *2017 Start Talking Maryland Act*, Frostburg State University requires all fulltime first-year students and fulltime transfer students with less than 30 credits to participate in *AlcoholEdu* and *Rx Drugs*. *AlcoholEdu* is an online alcohol education and prevention program that provides students with information regarding the effects of alcohol, potential harms of abuse, and protective factors related to making safe decisions about alcohol. *Rx Drugs* is an online education and prevention program that assists students in understanding the potential risks associated with prescription medications, including opiates and benzodiazepines. Additionally, *Rx Drugs* assists students in understanding the connection between prescription drug abuse and illegal street drugs such as heroin, while equipping students with protective factors and sharing information on treatment resources.

As part of our commitment to student health, safety, and well-being, all Frostburg State University undergraduate and graduate students will be exposed to substance abuse prevention and education information on a frequent basis. The Office of Student Affairs coordinates efforts with the Substance Abuse Facts & Education office, BURG Peer Education Network, Frostburg Community Coalition, Brady Health Center, Counseling & Psychological Services, and University Police to provide email messages, information tables, marketing campaigns, classroom sessions, and community events to engage students in healthy activities, educate students, and deter substance abusing behaviors that may lead to negative consequences and diminished well-being.

Standards of Conduct

The terms "controlled substances" and "illegal drugs" prohibited under this policy are those set forth in Article 27 of the Annotated Code of Maryland:

1. Students shall not unlawfully manufacture, distribute, dispense, possess, or use any controlled dangerous substance while on campus or at a University sponsored activity.

Students convicted of federal, state and/or local alcohol or drug laws on or off campus also violate the University Standards of Personal and Group Conduct and may be subject to appropriate action through the Student Code of Conduct. Students accused of violating a federal, state and/or local drug law on or off campus which is considered a felony under federal, state or local law, may face action under the University Code of Conduct, including interim suspension pending a University hearing, prior to or concurrent with any criminal proceeding.
7. Possession or use of alcohol in University residence halls is prohibited in all residence halls that have been designated as alcohol free. In all other residence halls, alcohol may be consumed only by persons 21 years of age or older, and with the following limitations:

Sanctions of Student Conduct

1. Any student found to be in violation of any of the applicable provisions of this policy shall be subject to progressive disciplinary action through the University Student Code of Conduct System. One or more of the sanctions for violations of the University Standards of Personal and Group Conduct may be imposed, including probation, suspension or expulsion from the University. As a condition of continued enrollment, the University may require a student to participate in a substance abuse education, assistance or rehabilitation program.
2. The University may suspend on an interim basis and/or remove from campus housing a student accused of violating this policy pending a hearing on the violation if it determines that the student's continued presence on campus constitutes a threat to the health, safety or welfare of the student or others or the welfare of the University, its property or personnel.
3. The University reserves the right to conduct student conduct hearings and take disciplinary action against students who have been charged with violating a federal, state or local drug or alcohol law before, during or after any civil or criminal proceeding or resolution of those charges occur.

Available Drug/ Alcohol Programs

Student Assistance Programs

Frostburg State University believes that members of the University community who use illegal drugs or abuse drugs or alcohol severely limit their educational and human potential and their ability to achieve educational, career and personal goals. Frostburg State University provides educational programs and activities for all members of the University community to increase their knowledge, awareness and understanding of drugs and alcohol.

Students may receive confidential and professional counseling through the University's counseling services. Referrals and information concerning community resources are available through Counseling & Psychological Services or the Residence Life Office.

Information and programs are provided to enhance awareness and education concerning abuse prevention. Intervention efforts consist of substance abuse workshops, assessment, referrals to campus and community agencies, and involvement with support groups such as AA, Adult Children of Alcoholics, NA and others. The program also offers a resource library to provide information about alcohol and other drug use and abuse.

A “Good Samaritan” who makes a call to obtain medical assistance for an intoxicated student also will not face formal non-academic disciplinary action, provided that they have committed no violation other than the possession or use of alcohol or other drugs.

Under some circumstances, the University may reserve the right to require assessment, education, or treatment services.

Administration of Policy

This policy will be distributed annually to all students taking one or more classes for any type of academic credit except for continuing education units. This policy will be reviewed by the University on a regular basis to determine its effectiveness and implement changes if they are needed, and to ensure that sanctions of student conduct are consistently enforced.

Policy on the Reporting of Suspected Child Abuse and Neglect

In accordance with University System of Maryland Policy, VI – 1.50 (Policy on Reporting of Suspected Child Abuse and Neglect), faculty, staff, and students are required to report suspected child abuse and neglect to University Police. Reporting requirements can be found at www.usmd.edu/regents/bylaws/SectionVI/.

Health and Life Safety Policy Statement

Frostburg State University considers its students to be among its most important and valuable assets. FSU seeks to protect human and physical resources by

reducing and eliminating all potential health and physical hazards. Increasing the awareness of hazards and encouraging the use of common sense will assist students in conducting study, work and campus activities safely. Frostburg State University recognizes its responsibility for providing its students with a safe and healthy environment and is committed to meeting its obligations under federal and state laws.

Safety cannot be the responsibility of any one person. All students are responsible for reporting all potential health and safety hazards to one of the following departments: Residence Life Office (X4121); the Office of Human Resources Office (X4897), or the Physical Plant Department (X4125).

All students shall comply with the fire safety requirements listed in the Residence Hall Guide. The guide requires students to understand that all life safety equipment including, but not limited to, smoke detectors, fire alarm pull stations, bells, horns, gongs, visual strobe lights, and fire doors in the halls are for their immediate safety during an emergency. Compliance with these fire safety requirements is the responsibility of students living on campus. Other health, safety and fire prevention guidelines are noted throughout the Policy Statement Manual/Pathfinder.

When a student is concerned with what they deem a potential health, safety, fire or environmental hazard, they should immediately call the Office of Human Resources Office at x4897. If the situation is an immediate health or security related matter, the student should immediately call the University Police at x4222.

Fire evacuation drills are scheduled and conducted in compliance with the State Fire Code and the National Fire Protection Association Life Safety 101 Code.

Sex Offender Registry

The Campus Sex Crimes Prevention Act is designed to make campus communities aware of sex offenders in their midst, just as “Megan’s Law” does for non-campus, residential communities. In Maryland, a sex offender registry is maintained by the Department of Public Safety. You can access it at: www.dpscs.state.md.us or by clicking on the link at the University Police web page: www.frostburg.edu/admin/police

The linked page gives a full explanation of the use to which the sex offender registry can be put, as well as some cautionary advice.

Campus Security Act Disclosure Statement

Frostburg State University's idyllic setting, attractive facilities and sense of community combine to make campus crime a seemingly very remote concern. While our crime rates are indeed very low, crime can and sometimes does occur.

The information that follows is intended to advise the campus community of Frostburg State University's general security policies, and crime prevention programs. Information relating to the Campus Security Act including crime occurrences and arrest data is available in the Annual Security and Fire Safety Report at: https://www.frostburg.edu/about-frostburg/Administrative-Offices/university-police/_files/pdfs/annual_security_fire_safety_report.pdf

I think you will find Frostburg State University to be in a very favorable position, and I urge you to join the many other individuals and departments on campus that continually strive to make Frostburg State University the safest place it can be.

Cynthia Smith
Chief of Police

Police Services at FSU

The University maintains a police force of 17 sworn officers. Each officer meets or exceeds the certification standards of the Maryland Police Training Commission. In-service training is an ongoing procedure, and officers receive training in topics such as rape and sexual assault, the handling of racial-religious-ethnic incidents, first-aid, firearms, search and seizure, defensive tactics, etc.

University Police Officers have the same law enforcement authority and responsibilities as the police or sheriff's department in your hometown. With certain exceptions, that authority is limited to the campus grounds.

Officers are responsible for a full range of public safety services, including first-aid, motorist assistance, emergency messaging, traffic control, crime prevention, and fire scene first responder. Law enforcement responsibilities encompass the entire criminal code of Maryland, including decriminalized offenses such as underage drinking.

A civilian support staff assists the police officers, as do student employees who function as dispatchers, parking aides, and security assistants.

University Police Officers operate from a campus-centered philosophy and handle most incidents without outside assistance. The Combined Countywide Criminal Investigation unit supplies crime lab, polygraph and other advanced investigative services. The Frostburg City Police monitor and share information regarding crimes and offenses on adjacent public property and by off-campus student groups. Additional information and assistance is furnished by the Maryland State Police and the Allegany County Sheriff's Department on a case-by-case basis.

How, When and Why to Call the Police

The University Police emergency telephone number is 301.687.4222. You may also contact the police by means of one of the several emergency telephones on

campus. A police officer or a police communications officer will answer your call 24 hours a day, every day of the year. Anonymous crime information can also be submitted to Allegany County Crime Solvers at 301.722.4300, or to our Tip Line, 301.687.STOP (7867).

The University Police Department depends on and encourages active community involvement. We promise to treat all crime victims with dignity and respect and to offer assistance and support throughout the criminal justice process. The sooner we are notified of dangerous conditions, criminal activity or suspicious behavior or conditions, the higher the likelihood of a successful resolution to the problem.

If you are the victim of a crime and do not want to pursue action within the University System or the Criminal Justice System, you may still want to consider making a confidential report. With your permission University Police can file a report on the details of the incident without revealing your identity. The purpose of a confidential report is to comply with your wish to keep the matter confidential, while taking steps to ensure the future safety of yourself and others. With such information, the University can keep as accurate record of the number of incidents involving students, determine if there is a pattern of crime with regard to a particular location, method or assailant, and alert the campus community to potential danger. Reports filed in this manner are counted and disclosed in the annual crime statistics for the institution.

Examples of situations that should be immediately reported to the police are:

- any criminal activity that you observe or are a victim of;
- any injury to a person or animal;
- fire, smoke, or other indication of a possible fire;
- suspicious sounds such as breaking glass, screams, explosions, gunfire;
- display of weapons: firearms, knives, martial arts weapons, fireworks, or archery equipment;
- physical security deficiencies: broken locks, doors, windows, light bulbs that are missing or broken;
- strangers in your work or living area, especially if they are carrying items out, or if they offer items for sale at unusually low prices;
- people loitering in lounges, halls or parking lots;
- people removing items from a vehicle and leaving in a second vehicle;
- information regarding drug use or trafficking.

The list of reportable activities or conditions could be made much longer. The important thing to remember is to trust your instincts and to notify University Police if you are at all suspicious. You may also report crime to other University administrators or employees with significant responsibility for student and campus activities. Examples of such campus security authorities are any member of the Executive Committee, the Affirmative Action/Equal Opportunity officer, Title IX Coordinator, Residence Life professional or hall staff, Lane Center professional staff, or any other member of the professional staff of the Vice President for Student Affairs, excepting professional counselors acting as such.

Pastoral and professional counselors are encouraged, if and when they deem appropriate, to inform persons being counseled of the procedures to report crimes on a voluntary basis for inclusion into the annual crime statistics. Similarly, the Director of Athletics, a team coach, or a faculty advisor to a student group may receive reports of crime on campus. Crimes reported to alternate University security authorities may be made on an anonymous basis, and will be reported in the University's annual statistical disclosure as unverified, good faith reports. . A complete list of campus security authorities including contact information can be obtained from the Chief of Police, Cynthia Smith by phone at 301-687-4223 or email at colsmith@frostburg.edu.

For immediate response with the highest likelihood of a positive outcome, the University Police recommend that they be the primary contact point. If you call University Police, try to remain calm. Stay on the telephone until the dispatcher tells you to hang up, unless you are in immediate danger. You will be asked a number of questions, including:

- your name
- the circumstances you are reporting
- the location of the incident
- when it happened
- who is involved
- other questions pertinent to the type of incident you are reporting

Have the following descriptive information ready if you can:

PERSONS

name
age
race/sex
height/weight
clothing

AUTOS

license number/state
make/model
color
outstanding characteristics
number of occupants

Crime Awareness and Prevention Programs

Frostburg State University's low crime rate is due in large part to the efforts made to prevent crime from taking place. FSU was the recipient of the Governor's Crime Prevention Award in 1987, and annually since 1990.

Crime advisories are published in the student newspaper, and other alerts will be published, if necessary, on the University's computer network and in the residence halls, parking lots, etc. These "timely warnings" are issued based on the professional judgment and experience of the University Police Department. Sign up for "Burg Alerts" messaging here <https://www.frostburg.edu/information-technology/Services/burg-alerts.php>. A log of reported incidents, the Crime log, is open for public inspection at University Police headquarters and may be viewed electronically by going to the Frostburg State University Police website at <https://www.frostburg.edu/about-frostburg/Administrative-Offices/university-police/index.php> and clicking on Clery compliance.

General Tips: Be aware of your surroundings. Walk with another person if possible, in open, well-lit-areas and take note of who is around you. Avoid distracting activities, such as listening to music while walking as it prevents you from sensing the presence of a potential predator. Make yourself aware of the numerous blue light emergency phones around campus.

Residential Security: Always lock your doors even if you are going next door for less than a minute. Nearly all residential burglaries on campus occur when the victim's door is unlocked. Avoid theft by roommates or other individuals invited to your room by placing valuable items in a safe secure area.

Vehicle Security: If possible, purchase a security device that locks the steering wheel or brake pedal. (these are often more effective than alarms). Do not leave valuables in plain view, remove car stereos, GPS systems, iPods, cell phones etc.

Identity Security: Shred credit card receipts, bank statements and credit card offers. Keep tabs on your wallet and purse at all times. Thieves only need to find one piece of mail or your driver's license to steal your identity and cause irreparable harm. Monitor your bank and credit card statements to make sure unauthorized transactions are not being charged to your account.

The following prevention and deterrence programs are available from University Police upon request:

Operation Identification: You may borrow an engraver from University Police to mark your personal property and will be given a form to record the description and serial numbers of your property. You may also go online at the University Police website www.frostburg.edu/admin/police/ click on forms to record your property electronically. In the event of a theft, the descriptive information of your property will be entered into (NCIC) National Crime Information Center data base for tracking purposes.

Security Surveys: A University Police Officer will visit any campus residence, office or class area and make procedural or physical security recommendations based on proven crime prevention techniques and the officer's advanced training.

Group Presentations: University Police Officers will make group presentations on the subjects of drug and alcohol abuse, rape and sexual assault prevention, as well as many other areas of crime prevention. In addition, officers meet with International Students as they adjust to their new surroundings and provide them with general crime prevention and University services information.

Personal Escorts: Police officers, when available, will provide on-campus escorts for anyone who is concerned for their physical safety.

Anonymous Tip Line 301-687-STOP (7867): Frostburg State University has a "Tip Line" for students, faculty, staff and members of the community to use to anonymously provide information about crimes, disturbances or concerns. Upon calling the "Tip Line", the caller will hear recorded instructions and be directed to leave a message containing the information they wish to share. The information will then be appropriately followed up on.

Security and the Physical Plant Department

The Physical Plant Department maintains University buildings and grounds with a concern for safety and security. It inspects campus buildings regularly, promptly makes repairs effecting safety and security and responds to reports of potential safety and security hazards such as broken windows or locks. University Police assists Physical Plant personnel by formally inspecting campus buildings on a quarterly basis. Repairs and improvements are done on a work order basis, except in emergency situations. Student work orders are initiated in the Residence Life Office.

Facility Access Policies

Most University facilities are open to the public during the day and evening hours when classes are in session. Hours of operation differ slightly for different programs and facilities, but most close by 11:00 p.m. During times that the University is officially closed, campus buildings are generally locked and only faculty, staff and some students with proper authorization are admitted. Residence halls are locked 24/7 when classes are in session. Access is by key or ID card.

Emergency Student Notification Policy

University Police (301.687.4223) should be contacted if a student has been missing for 24 hours or if there is suspicion a student is missing, regardless of the time that has elapsed. Within 24 hours of the determination by University Police that the student is missing, the University will notify the emergency contact indicated by the student and notify allied agencies.

Students should maintain accurate emergency contact information in PAWS which identifies an individual the University will notify if the student is missing. In addition to an individual indicated as the emergency contact, the parent or guardian will also be notified if the student is under the age of 18. Emergency contact information will be available to campus officials and law enforcement personnel in the event of a missing person investigation, or if otherwise authorized by a law enforcement investigation.

Emergency Response and Evacuation Procedures

The emergency response and evacuation procedures are available on the University website at <https://www.frostburg.edu/about-frostburg/Administrative-Offices/university-police/emergency--crisis-management-procedures.php>

Timely Warning Policy

Timely Warnings are provided to give the University Community notification of crimes that may present a threat to the campus community and to heighten safety awareness. An informed community is better prepared to ensure its own safety. Crime alerts may also ask for information that may lead to arrest and conviction of the offender.

University Police will issue a Timely Warning when there is a reported crime that poses a potential threat to the Safety of the University community. Timely Warnings will be issued for incidents occurring both on and off campus.

Timely Warnings are issued via E2Campus – “Burg Alerts” in both text and e-mail format, you are strongly encouraged to sign up for these alerts here: <https://www.frostburg.edu/information-technology/Services/burg-alerts.php>.

This information is provided as part of Frostburg State University’s commitment to the safety of the campus and is in compliance with the federal Student Right-to-Know and Campus Security Act of 1990 (Public Law 101-542 as amended to the Clery Act of 1998) and the Higher Education Opportunity Act of 1965 (Public Law 110-315 as amended in 2008).

Timely warnings will be issued in print form and posted conspicuously near building entrances.

Facility Security. Physical security problems such as doors or windows that need adjustment should be reported to the Security Desk in the main lobby.

In addition to state restrictions on the possession or consumption of alcoholic beverages, USMH restrictions may apply as well. USMH alcohol and drug policies will be made available to all students and employees upon final approval.

Drug or alcohol services are not offered directly by USMH. Local agencies should be consulted. The Washington County Health Department may be contacted at 301.791.3314 for either drug or alcohol information, or for referral to other community resources.

In Maryland, a sex offender registry is maintained by the Department of Public Safety. It may be accessed at: <https://news.maryland.gov/dpscs/>

The linked page gives a full explanation of the use to which the sex offender registry can be put, as well as some cautionary advice.
