# College of Liberal Arts and Sciences

## Strategic Plan- AY 2019-2020

---

### **Vision Statement**

The College of Liberal Arts and Sciences will be recognized for providing experientially based learning opportunities. Its distinctive and distinguished programs will contribute to the reputation of Frostburg State University as the premier educational and cultural center for the region and for serving as a catalyst for economic development. The college's efforts in undergraduate research and experiential learning will achieve national recognition for providing "real life" experiences for students and for serving as a national model for regional engagement.

### **Mission**

The mission of the College of Liberal Arts and Sciences is to provide students with a rigorous liberal arts and sciences curriculum grounded in a flexible, broad-based general education program and enriched by the availability of challenging academic majors and minors, graduate programs, interdisciplinary offerings, and other newly evolving programs that are responsive to emerging societal needs.

The college mission is implemented through a diverse, recognized, and credentialed faculty committed to excellence in teaching, learning, scholarship, and creative artistic production.

CLAS fulfills its mission by preparing future leaders to enter a complex changing global society with competence and confidence.

### **Core Values**

- 1.** We value a high standard of excellence in teaching, service, research, and other professional endeavors.
- 2.** We value a stimulating, collaborative, and supportive setting for students, faculty, staff, and administrators characterized by creativity, innovation, and excellence.
- 3.** We value lifelong learning and professional development for students, faculty, staff, and administrators.
- 4.** We value an atmosphere of mutual respect and support, which promotes open sharing of ideas and viewpoints and debate of issues and concerns.
- 5.** We value high standards of ethics, integrity, responsibility, and accountability.
- 6.** We value the active participation of stakeholders in the planning and development of programs.
- 7.** We value diversity and an atmosphere of mutual respect and acceptance.
- 8.** We value interdisciplinary collaboration.
- 9.** We value assessment as a mechanism for continuous improvement.
- 10.** We value nimble response to change.

**CLAS ACTION PRIORITIES OUTCOMES**

**AY 2019-2020**

**CLAS ACTION PRIORITY OUTCOMES  
2019-2020**

- 1. Promote and support activities of educational distinction. (Aligns with University Strategic Plan Goals 1 and 2: Acquisition and application of knowledge and providing engaging experiences.)**
  - a. Ensure academic excellence through program and student learning outcomes assessment.
    - Program Reviews are being completed for Applied Ecology and Conservation Biology, Biology, Counseling Psychology, English, Health Science, History, Psychology, and Social Science.
    - CLAS Undergraduate Assessment Council reviewed student learning assessment outcomes for 31 of 34 programs for AY 2018-2019. Associate Dean Herzog and Associate Dean Fritz are on the CLAS Assessment Council. They met with Linda Steele, new coordinator of the Liberal Studies program and the Social Science program, to develop student learning assessment plans for those programs.
    - Associate Dean Herzog is a member of the Student Learning Assessment Advisory Group (SLAAG). Jill Morris (Chair of CLAS Assessment Council) and Herzog completed a yearly report.
    - Associate Dean Fritz is a member of the Graduate Learning Assessment Advisory Group (GLAAG). He wrote a summary assessment report for CLAS.
    - Associate Dean Fritz is a member of the GEP Review Committee.
    - Associate Dean Herzog is a member of the Assessment and Institutional Effectiveness Council (AIEC). She consulted with colleagues to complete a review of 19 departmental strategic plan outcomes reports for 2018-2019. Feedback was given to each department on the ratings. Herzog wrote the strategic plan report for 2018-2019 CLAS outcomes, and it was reviewed by colleagues on the AIEC.
    - Associate Dean Fritz worked with the Program Advisory Group.
    - Program Coordinator Steele worked with Engineering on accreditation initiatives and helped write the submitted self-study report. Dean Hixson met with the ABET accreditation team on October 28 and 29, 2019.
    - Dean's Office attended the Academic Affairs Retreat on January 9 and participated in the follow-up session on May 6.
  - b. Encourage and support faculty implementation of applied, experiential, and interdisciplinary learning activities.

- Dean's Office implemented the Provost Experiential Learning Enhancement Funding Program (PELEF) for the college. The office received 21 outstanding applications totaling \$59,278 in requested funds. CLAS had \$25,500 available in PELEF funding enabling us to provide complete or partial funding for all 21 projects.
  - Associate Dean Fritz coordinated the FSU Connections Program. He was responsible for recruitment of communities to ensure enough seats for incoming first-year students, and he oversees placement of these students into communities at Preview FSU. He participated in several meetings regarding Preview FSU, Orientation, and testing of first-year students.
  - Associate Dean Fritz worked with academic department chairs and faculty to secure enough sections of IDIS 150 to meet needs during the period of inconsistent enrollment patterns. Also, he worked with faculty to develop new topics for IDIS 150, 160, and 350.
- c. Enhance classroom instructional environment to support improved student learning.
- Tech fund requests were reviewed by the Dean's Office, ranked, and sent to Beth Kenney. Dean Hixson consulted with IT and other university representatives to finalize tech requests and expenditures.
  - Planning continued for the new Education and Health Science Center.
