

Associate's to Bachelor's (ATB) Option **General Information for this Online Option**

(Option is delivered in a fully online format with no on campus requirements)

I. General Program Information

This dual enrollment option is available to eligible students once they are accepted to the Carroll Community College (CCC) Nursing Program. Admission is competitive and based on completed courses and grade point average (GPA). Students will be enrolled as degree students at CCC and FSU and begin to take FSU online courses during the Nursing Program at CCC. Once the Associate of Science Degree (A.S.) is awarded at CCC, students must take and pass the nursing licensure exam, the NCLEX-RN, and then continue coursework at FSU to complete the Bachelor of Science Degree in Nursing (B.S.N.).

Program length to complete both the A.S. nursing clinical program and the B.S.N. is 9 terms, including winter and summer sessions, approximately 2.5 years to complete.

CCC courses will be held at the CCC campus; FSU courses will be taken as online courses.

Two degrees will be awarded: A.S. from CCC and B.S.N. from FSU (where a minimum of 30 credits will be required from FSU to graduate).

Advisors will be available from both CCC and FSU.

Financial aid will be arranged through Frostburg State University Office of Financial Aid.
