

Policy on Diversity

The entire Frostburg State University community--including the student body, the faculty and staff, the President of the University and its administration--affirms its commitment to a campus environment which values human diversity and respects individuals who represent that diversity. The community declares fostering diversity and respect for difference to be a fundamental goal of higher education, ranking among the highest priorities of this institution. Therefore, the University community takes the unequivocal position that racist practices, or any action, or institutional structure or process, that has for its purpose the subordination of a person or a group based on race, color, disability, genetic information, creed, marital status, national origin, sex, age, or sexual orientation, will not be tolerated.
