

PN 3.007

PERSONAL PROPERTY OF STATE EMPLOYEES

The General Assembly has made no appropriation to the State Insurance Trust Fund for damage or loss to any personal property owned by a State employee while stored or used on State property. This includes, but is not limited to, teaching materials, books, electronic equipment, data processing equipment, clothing, wall hangings, personal manuscripts, diplomas, cameras, tools, etc.

Therefore, if any employee has a loss of personal property she/he should look to personal insurance coverage for payment.
