OFF-ROAD TRAFFIC POLICY

The following policy is adopted in the interests of pedestrian safety, environmental protection and campus beautification.

Vehicular traffic on sidewalks and lawns is prohibited, the only exceptions being for the service and public safety needs of the university. Specific procedures for the implementation of this policy will be promulgated by the Department of Public Safety. Individuals violating those procedures with private vehicles will be subject to fines as specified in the FSU parking regulations. Individuals violating the procedures with state vehicles will be subject to disciplinary procedures. In either case, the university will bill the offender for any damage done to grounds as a result of a violation of this policy.
