

DISRUPTIVE BEHAVIOR OF INDIVIDUAL STUDENTS

When an individual is determined to be of clear and present danger to his/herself or others, the Office of the Vice President for Student and Educational Services will take one or more of the following steps in order to reduce that danger:

1. notification of parents;
2. notification of police;
3. request a psychiatric evaluation of the student;
4. require that the student be placed in protective custody of
police, parents, or hospital;
5. require that the student be withdrawn from the University
for
medical or disciplinary reasons.

(See Pathfinder for complete details on procedures for implementation.)
