  2. is being produced or has been produced by a computer, computer system, or computer network.

(7) “Computer Network” means the interconnection of one or more interconnected computers through:

- (i) the use of a satellite, microwave, line, or other communication medium; and
- (ii) terminals or a complex consisting of two or more interconnected computers regardless of whether the interconnection is continuously maintained.

(8) “Computer program” means an ordered set of instructions or statements that may interact with related data and, when executed in a computer system, causes a computer to perform specified functions..

- (9) “Computer services” includes computer time, data processing, and storage functions.
  - (10) “Computer software” means a computer program, instruction, procedure, or associated document regarding the operation of a computer system.
  - (11) “Computer system” means one or more connected or unconnected computers, peripheral devices, computer software, data, or computer programs.
- (b) Application of other provisions. – This section does not preclude the applicability of any other provision of this Code.
- (c) Prohibited. – (1) A person may not intentionally, willfully, and without authorization access, attempt to access, cause to be accessed, or exceed the person’s authorized access to all or part of a computer network, computer control language, computer, computer software, computer system, computer services, or computer database.
- (2) A person may not commit an act prohibited by paragraph (1) of this subsection with the intent to:
    - (i) cause the malfunction or interrupt the operation of all or any part of a computer, computer network, computer control language, computer software, computer system, computer services, or computer data; or
    - (ii) alter, damage, or destroy all or any part of data or a computer program stored, maintained, or produced by a computer, computer network, computer software, computer system, computer services, or computer database.
  - (3) A person may not intentionally, willfully, and without authorization:
    - (i) possess, identify, or attempt to identify a valid access code; or
    - (ii) publicize or distribute a valid access code to an unauthorized person.
- (d) Penalty. – (1) A person who violates subsection (c)(1) of this section is guilty of a misdemeanor and on conviction is subject to imprisonment not exceeding 3 years or a fine not exceeding \$1,000 or both.
- (2) A person who violates subsection (c)(2) or (3) of this section:
  - (i) if the aggregate amount of the loss is \$10,000 or more, is guilty of a felony and on conviction is subject to imprisonment not exceeding 10 years or a fine not exceeding \$5,000 or both.
  - (ii) if the aggregate amount of the loss is less than \$10,000, is guilty of a misdemeanor and on conviction is subject to imprisonment not exceeding 5 years or a fine not exceeding \$5,000 or both.
- (e) Course of Conduct. – Access achieved in violation of this section under a single scheme or a continuing course of conduct may be considered as one violation.
- (f) Venue. – A court of competent jurisdiction may try a person prosecuted under this section in any county in this State where:
  - (1) the defendant performed the act; or
  - (2) the accessed computer is located. (An. Code 1957, art.27, S 146; 2002, ch. 26, S 2.)
