Request for Special Condition Consideration

Academic Year 2022-2023

The process of determining a student’s eligibility for federal aid is basically the same for all applicants. However, we realize that a family’s situation may change or there may be special circumstances that cannot be addressed on the Free Application for Federal Student Aid (FAFSA). Therefore, in some cases, the Office of Financial Aid may take into account circumstances that might affect you and your family’s ability to contribute to your education. If you believe you, or your family, are burdened by special circumstances, please provide all the requested documentation and submit it with this form to the Office of Financial Aid, 114 Pullen Hall, Frostburg State University, 101 Braddock Road, Frostburg, MD 21532.

Once all of your information has been reviewed and a decision has been made, the Financial Aid Office will make any necessary adjustments and send out a new award notification. Remember, the financial aid officer’s decision is final and cannot be appealed to the Department of Education.

You will normally receive a response to your request in 10-14 business days. The response time may increase during peak periods (May-August).
