Why did you choose Frostburg State?

I always knew I wanted to be a teacher and Frostburg State was known for Teaching. I also wanted to continue to play Field Hockey at the collegiate level. Frostburg was the perfect fit for me because it allowed me to pursue my degree in Education while participating in Field Hockey.

What is your favorite memory as a student?

Too many to write down! It was an amazing place to earn a college degree and the people were amazing as well, both professors and students!

Which professor influenced you as a student?

I had so many great professors! They each contributed to the teacher that I have become today!

What advice would you give to a student currently studying your major?

Try to keep an open mind! Education is constantly evolving and changing! Most of all, know who you are and stay true to what you believe is good for all students! Don't let anyone or anything persuade you from doing what you feel is the right thing for your students!
