### Student Organizations

### Describe FSU in 3 Words

Supportive  
Inclusive  
Strong

### Accomplishments

In 2015, I was selected as a recipient of Washington SmartCEO's prestigious 2015 BRAVA! Award, which celebrates the achievements of 40 Greater Washington's top women business leaders

### Why did you choose Frostburg State?

When I walked onto the campus, it felt like home. Being near hiking and biking and part of a small town was important to me.

### What is your favorite memory as a student?

Not sure I have one favorite memory, but I mostly enjoyed sitting in the open area of the quad with friends in between classes. The layout of the campus encouraged students to stay in between classes and gather together.

### Which professor influenced you as a student?

I don't have one professor that was my main influence, and I had multiple staff that were supportive, encouraging, and even helped me really determine my future. Coming onto campus at 18 years old is hard to navigate and really know what you like and even be good at--staff took the time to get to know me and my strengths and help guide me along the way.

### What advice would you give to a student currently studying your major?

You will need to learn flexibility, take risks and be open to learning along the way. Sociology allowed me to move in so many directions along the way in my career.
