Why did you choose Frostburg State?

I chose Frostburg State University because I knew it was a school that cared about their students. Coming from a small town, that small town feel was important to me. After being recruited to play Women's Lacrosse and visiting the campus, I knew it was the perfect fit!

What is your favorite memory as a student?

The freezing early morning Lacrosse practices at Bobcat Stadium! There is nothing like it!

Which professor Influenced you as a student?

Chuck Dicken, from WFWM Radio. I had him as a Professor for Intro to Radio, and he saw something in me that I couldn't see myself. He gave me many opportunities through internships and volunteer opportunities, even a chance to sit on WFWM's Board of Director's meetings. Truly an incredible experience that will stay with me for a lifetime.

What advice would you give to a student currently studying your major?

FSU's Mass Communication program offers so many internships and chances to do real life, hands on work. Take advantage of those opportunities! Internships were a driving force for my career after FSU.
