 **Accomplishments**

Becoming the first person in my family to earn a bachelor's degree & being a mentor at the school I work at.

Why did you choose Frostburg State?

I chose Frostburg State because it was an opportunity for me to be on my own, grow as a person & attain a quality education.

What is your favorite memory as a student?

My favorite memory is playing flag football during the fall semester with my roommates & friends. And going to my friend Elizabeth Carrington's basketball games.

Which professor Influenced you as a student?

Dr. Scott Johnson, Dr. Hartlaub & Tim Magrath. All three made me a better student & I use what I learned from being in their courses in my classes now.

What advice would you give to a student currently studying your major?

My advice would be to always ask questions, go to class & use your absences wisely. You never know when you'll have to use them.
