Accomplishments

Master's Degree in Educational
Leadership from Hood College, 2019

Why did you choose Frostburg State?

I chose Frostburg because I wanted to be a teacher and Frostburg had a great Education program. I also loved how pretty the campus is and both my parents attended Frostburg so I grew up coming to campus.

What is your favorite memory as a student?

I have so many favorite memories as a student and can't pick just one. I loved being involved in so many organizations on campus and meeting so many people that helped mold me into the leader I am today.

Which professor influenced you as a student?

Dr. O influenced me as a student! Her classes were so fun. I loved when she would read Mo Willem books and gave us assignments that were real life preparation for being a teacher. The best advice she gave us for our first year teaching was to make sure you make friends with the cafeteria manager, secretaries, and building service workers. She was right!

What advice would you give to a student currently studying your major?

If you are studying to be a teacher, we need you! Everyday is a new adventure and you never stop learning and growing as an educator.
