

SCHOLARSHIPS

2023-2024

FSU Scholarship Policies

These scholarships are for enrollment at Frostburg State University only.

FSU reserves the right to adjust and/or cancel your award if it is subsequently determined that you do not meet the qualifications for the scholarship.

Per the FSU Foundation Board of Directors, no student shall receive grant and/or scholarship aid above the published cost of attendance. Scholarships may be cancelled if it is later determined that your total aid is higher than the cost of attendance.

All scholarships are awarded based on the availability of funds.

For best consideration, submit a scholarship application annually. If you are receiving a scholarship in the current academic year and feel that you should receive it again next year, be sure to apply again. Renewable scholarships may not be awarded to students who have not applied.

Enrollment status will be evaluated each semester at the end of the drop/add period. If a student receives a scholarship that is based on full-time enrollment and they are not enrolled in at least 12 credits (9 credits for graduate students), the scholarship will be cancelled. No scholarship will be awarded for enrollment below 6 credits per semester.

The minimum grade point average for any award is 2.5 overall. Some awards require higher minimum grade point averages that must be maintained. Recipients are reviewed at the end of each semester.
