Paydays are biweekly (every other Wednesday).

Leave

Annual Leave

A full-time faculty member serving on a 10-month contract is entitled to 15 days of paid annual leave, which shall be the last 15 days of the 10-month contract period, unless otherwise designated at the time of appointment. Such paid annual leave may not be carried forward into the next contract period.

Sabbatical Leave

Refer to the Faculty Handbook for specific details.

New employees who want health benefits must enroll within the first 60 days of employment. After enrolling, the employee and dependents are locked into the selected benefits for the remainder of the plan year. New employees who do not enroll within the first 60 days of employment do not have access to the benefits until open enrollment occurs or until they have a "change in family status."
