Hello,

Your organization is now rolling out Duo Security, a friendly and secure way for you to log into your applications. Your administrator has invited you to set up your account for Duo so you can start logging in.

To begin, click this link to enroll a phone, tablet, or other device:

<https://api-05fef3ad.duosecurity.com/portal?code=a66ae3ecee62c02d&akey=DA6AQIOYPUE31V04TQ77>

Duo Security is a two-factor authentication service that strives to be easy to use and secure. To learn more about Duo authentication, visit the guide here:

## Protect Your Frostburg State University Account

Two-factor authentication enhances the security of your account by using a secondary device to verify your identity. This prevents anyone but you from accessing your account, even if they know your password.

This process will help you set up your account with this added layer of security.

TO THE CORRECT  
NUMBER QUESTION  
AND CLICK CONTINUE

The screenshot shows a Duo Security verification interface. On the left is the Frostburg State University logo, a red square with white curved lines and the word "FROSTBURG" in white. Below the logo are two links: "What is this? ↗" and "Need help?". At the bottom left of the logo area is the text "Powered by Duo Security". A green arrow points from the "Need help?" link to the phone number input field. The main area is titled "Enter your phone number". It features a dropdown menu set to "United States". Below that is a text input field containing a blurred phone number, which is highlighted with a green border and a green checkmark to its right. Underneath the input field is the text "Example: (201) 234-5678". Below the example is a checkbox that is currently unchecked, followed by the text "You entered [blurred number]. Is this the correct number?". At the bottom are two buttons: a grey "Back" button and a green "Continue" button.
