Meeting needs in Maryland

Last year more than 5,000 Americans of all ages and backgrounds united to meet local needs, strengthen communities, and expand opportunity through national service in Maryland. AmeriCorps invested more than \$17.6 million in federal funding to support cost-effective community solutions, working hand in hand with local partners to empower individuals to help communities tackle their toughest challenges.

AmeriCorps members and AmeriCorps senior volunteers served at more than 600 locations across Maryland, including schools, food banks, homeless shelters, health clinics, youth centers, veterans' facilities, and other nonprofit and faithbased organizations. Through a unique public-private partnership, AmeriCorps and its partners generated more than \$7.7 million in outside resources from businesses, foundations, public agencies, and other sources in Maryland last year.
